ARTICLE 1 – MISSION AND GOALS

Welcome to Johnson County Central Public Schools. The Board of Education, administration and staff are committed to providing an environment where every child can grow and learn in a positive environment.

SECTION 1: SCHOOL MISSION STATEMENT

Journey of excellence through...

- Demonstrating exceptional educational instruction and learning
- Presenting a safe and drug free setting that fosters the desire to learn
- Encouraging progressive relevant student involvement
- Respecting the contributions of all

Creating lifelong learners by...

- Integrating technology throughout the curriculum
- Focusing on developing problem solvers in the classroom
- Stressing global perspective and the appreciation of diversity
- Promoting the value of the arts and extracurricular endeavors as integral parts of the curriculum

Citizens for tomorrow developed by...

- Preparing students to contribute positively in the family, school, community, and the world
- Instructing and demonstrating respect for the environment
- Establishing a partnership of service between school and community

SECTION 2: MUTUAL RESPECT

Johnson County Central Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of the student will not be tolerated.

SECTION 3: MULTICULTURE EDUCATION

Multicultural education is the identification, selection and infusion of specific knowledge, skills and attitudes for the purpose of:

- affirming the culture, history and contributions that shall include but not be limited to African Americans, Asian Americans, Hispanic Americans and Native Americans;
- challenging and eliminating racism, prejudice, bigotry, discrimination and stereotyping based on race;
- valuing multiple cultural perspectives; and
- providing all students with opportunities to “see themselves” in the educational environment in positive ways and on a continuing basis.

To promote and support multicultural education within Johnson County Central Public Schools, it shall be the policy and practice of this district to create opportunities for all students to achieve academically and socially in an educational environment in which all students and staff understand and respect the racial and cultural diversity and interdependence of members of our society.

SECTION 4: COMPLAINT PROCEDURES

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

1. Complaint procedure:

Step 1: Have a scheduled conference with the staff person involved in the complaint matter.

Step 2: Appeal to the principal if the matter is not resolved at Step 1.

Step 3: Appeal to the Superintendent if the matter is still unresolved at Step 2.

Step 4: Appeal to the Board of Education if the matter is still unresolved at Step 3.

Written appeal should be made within five (5) days of the Superintendent's decision.

2. Conditions Applicable to All Levels of Complaint Procedure:

All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

When you have questions, concerns or comments during the year we encourage you to contact the appropriate person(s) first. Although it is often more convenient to speak with someone else first, it is more appropriate to address such items along the right guidelines. Instead of talking to the Board of Education, Superintendent, or Principal first, you are encouraged to talk with the classroom teacher, sponsor, coach, etc. first, and then follow the "chain of command" concerning these questions, concerns, or comments. The appropriate people to contact, in order, would be:

Your student's school work: Classroom teacher, building Principal or counselor

Discipline (elementary): Classroom teacher, building Principal, Superintendent

Discipline (secondary): Classroom teacher, building Principal, Superintendent

Bus routes/bus times: Bus driver, Superintendent

Class schedules: Counselor, Principal

Athletics: Coach, Athletic Director (Rich Bacon), Principal, Superintendent

Health Problem: School nurse (Lisa Kuhl), building secretary, building Principal

Absences: Building secretary, building Principal

Calendar of Activities: Daisy Mejia, Principal, Superintendent

School Regulations: Principal, Superintendent

Facilities: Superintendent, Board of Education

School District Policies: Superintendent, Board of Education

Student Lunch Accounts/Bills: Susie Lacey, Superintendent

School Budget/Finance: Superintendent, Board of Education

NV School Foundations: Superintendent

Athletic Booster Club: Club president, Athletic Director

Music Boosters: Club president, Emily Fricke, Tom Doran

The Board of Education has adopted a formal complaint policy that is to be used in addressing complaints concerning school personnel. This process should only be used if the proper "chain of command", as listed above, has been followed. However, some isolated situations may warrant bypassing this chain. Formal complaints may be lodged through the Principal or Superintendent.

ARTICLE 2 – SCHOOL DAY

SECTION 1: DAILY SCHEDULE

We would appreciate having students arrive at the building as close to 8:10 am as possible. Students arriving before 8:10 am are not allowed in the classroom. In case of inclement weather students will be permitted to go to the auditorium in Tecumseh and the old gymnasium in Cook.

8:15 am-School Starts

Tecumseh Lunch Schedule

Kindergarten	11:00-11:20
1 st grade	11:10-11:30
2 nd grade	12:00-12:20
3 rd grade	12:10-12:30

Cook Lunch Schedule

4 th grade	11:20 (recess following lunch)
5 th grade	11:25 (recess following lunch)

3:33 pm-Students are dismissed

Students who are riding the bus or walking home should proceed to those areas immediately upon leaving the building. Students waiting for the bus will wait in the elementary auditorium or elementary library until released.

Students will not be permitted to be in the gym, hallways, or classrooms without supervision.

SECTION 2: BREAKFAST, LUNCH & MILK

The school operates a hot lunch program. Well-balanced meals are planned for each day and at a cost of:

Breakfast =	\$1.65
Lunch = Preschool - 5 th grade	\$2.55
6 – 12	\$3.05
Adult	\$3.45
Ala Cart =	\$1.50
Additional milk =	\$0.35
Orange Juice =	\$0.50

Lunches are to be paid in advance. Charging for school lunch is not allowed.

SECTION 3: SHORTENED SCHEDULE

There are many activities that occur during the school year that cause us to adjust the class schedules. The following schedules could appear at some time during the year. We will refer to them as schedule A, schedule B, etc., as they are needed.

SECTION 4: SEVERE WEATHER AND SCHOOL CANCELLATIONS

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Media outlets will be notified when inclement weather warrants such action. The information is broadcast regularly by radio and television stations: KFAB 1110 AM, KNCY 1600 AM, KNCY 94.7 FM, KTGL 92.9 FM, KMOG 590 AM, WOW 94.1 FM, KOLN-TV, KMTV, WOWT, AND KLKN.

Johnson County Central Schools uses an automated calling system to notify homes of changes in the school schedule due to weather-related circumstances. As soon as a decision is made to alter the schedule, attempts will be made to call each home. If a decision is made to dismiss school early during the school day, attempts will be made to notify the home. If calling the home does not result in a connection, the parent's cell phone and/or place of business will be called.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made by 9 p.m. for announcement during the 10 p.m. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, an announcement will be made to the news media when schools will be closed. In some instances, schools will be open, but certain services may be cancelled (bus transportation, kindergarten, student activities).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day the notice will be broadcast by the media and parents should have a plan in place to accommodate these circumstances.

Parental Decisions. Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent (but it will not count towards their 8 days). The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. School officials are not permitted to release students from the school building during a tornado warning. Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media.

Emergency Conditions. Johnson County Central has a signal which, when activated, includes the directive to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

SECTION 5: FIELD TRIPS

When a field trip other than those within walking distance of school is planned, parents will be notified, prior to the trip, and asked to sign a consent slip granting permission for their children to attend. If you don't want your child to attend, please let the teacher know immediately. At all times, students are expected to observe regular school rules and classroom rules.

ARTICLE 3 – USE OF BUILDING AND GROUNDS

SECTION 1: ENTERING AND LEAVING THE BUILDING

Beginning Of School: Students should not be on school grounds prior to 8:00 a.m. During fair weather conditions the first bell will ring at 8:10 a.m. allowing students to enter the building and to proceed to their lockers and classrooms. During bad weather the entrance will be open by 7:40 a.m. for students to enter the building. Students are to stay in the old gym and are not to go to any other part of the building without permission. The only exception to this rule is if you are eating a school breakfast which starts at 7:30 a.m.

During the School Day: Students are to remain on campus unless excused in accordance with school policies. Upon return to school during the day, elementary students are to report to the school office.

End of School: Our regular school day ends at 3:33 p.m. All students must clear the building as soon as possible.

SECTION 2: PARENTS AND OTHER VISITORS

All visitors must sign in at the main office in order to receive a visitor's pass. Parents are welcome at all times but also must sign in and out upon entering and exiting the main entrance to the school building. Johnson County Central Public Schools does not allow other students or children to visit the school.

SECTION 3: DRUG/SMOKE FREE ENVIRONMENT

Johnson County Central Public Schools declares all of our schools buildings and grounds to be drug/smoke-free. We would appreciate your help in meeting the goal of a drug/smoke- and tobacco-free environment for our children. When you attend school events, including athletic events, please remember that our grounds are drug/smoke- and tobacco-free and abide by our District's policy. This policy includes look-a-like items such as e-cigarettes.

SECTION 4: CARE OF SCHOOL PROPERTY

1. Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.
2. Students who disfigure property break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.
3. Fines will be assessed for damaged or lost books up to replacement costs.

School-issued items that are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued. Students must pay all fines before they can receive school publications and final grades.

SECTION 5: LOCKERS

Students in grades K-5 will be assigned a locker. Students must use their own lockers and are not to share lockers with other students except as assigned by school officials. Students are expected to keep all books, etc., in their assigned locker. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students may be assessed a fine for damage to lockers.

SECTION 6: SEARCHES OF LOCKERS AND OTHER TYPES OF SEARCHES

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, student vehicles, desks, computers and other such property may be conducted in the discretion of the administration. During the school year police dogs will assist the administration and Law Enforcement Agencies in these kinds of searches.

The following rules shall apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

SECTION 7: USE OF TELEPHONE

USE OF THE OFFICE PHONE WILL ONLY BE ALLOWED IN AN EMERGENCY OR WHEN A STUDENT IS ILL. Use of the phone is not an excuse to be tardy to class. The classroom telephones are also business phones and not for student use. The use of personal cell phones and pagers during school hours 8:10 a.m. to 3:33 p.m. is prohibited. Cell phones must be kept in lockers or vehicles. If there is an emergency you need to see the principal before any kind of cell phone or pager use. If students are caught using cell phones or pagers they will be confiscated and the parent will need to pick them up at the office.

Students shall be personally and solely responsible for the security of their cell phones and MP3 players. The district is not responsible for theft, loss or damage of a cell phone or any calls made on a cell phone.

SECTION 8: BICYCLES

Bicycles must be parked in the racks provided. All bicycles should be equipped with locks and licenses. The school is not responsible for damage or theft of parts while bicycles are on school property. Bicycles are to be walked on school property.

SECTION 9: STUDENT VALUABLES

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

SECTION 10: LOST AND FOUND

Students who find lost articles are asked to take them to the office. Students looking for lost items need to check in the office. If articles are lost at school, report that loss to office personnel.

SECTION 11: ACCIDENTS

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

SECTION 12: LABORATORY SAFETY GLASS

Approved safety glasses must be worn when necessary or required.

SECTION 13: INSURANCE

The school district does not provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. Information about student insurance providers will be available in the school office.

SECTION 14: BULLETINS AND ANNOUNCEMENTS

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved and stamped by the Principal's office. Posters are not to be attached to any painted wall surfaces. Place posters on marble, glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Notices to be placed in the daily bulletin must be signed by a sponsor or teacher and be in the hands of the office secretary no later than 8:00 a.m. The bulletin will be posted daily on the computer for teachers to read to the students.

SECTION 15: COPYRIGHT AND FAIR USE POLICY

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

SECTION 16: FOOD AND BEVERAGES

Food, candy or beverages are not allowed in classrooms during the school day unless previously approved by the classroom teacher and the elementary principal.

SECTION 17: BUS TRANSPORTATION

The district has provided buses to transport students. Proper conduct and courtesy to the driver is expected of all riders. Misconduct may result in loss of privilege to ride the bus and/or other disciplinary action. Students who are required to stay after school for any reason are responsible for their own transportation home.

ARTICLE 4 – ATTENDANCE

SECTION 1: ATTENDANCE POLICY

Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents are responsible for developing behaviors which will result in regular and punctual student attendance.

SECTION 2: ATTENDANCE AND ABSENCES

Absences From School - Definitions. An absence from school will be reported as: (a) an excused absence or (b) an unexcused absence.

1. Excused Absences. Absences should be cleared through the Principal's office in advance whenever possible. An absence or tardy, even by parental approval, may not be excused. All absences, except for illness and/or death in the family, require advance approval. An absence for any of the following reasons will be excused, provided the required procedures have been followed:
 - (A) Attendance at a funeral for a member of the immediate family (parents, siblings, and grandparents),
 - (B) Illness which causes a student to be absent from school,
 - (C) Doctor or dental appointment which require student to be absent from school,
 - (D) Court appearances that are required by a court order and the student is not responsible for needing to be in court,
 - (E) School sponsored activities which require students to be absent from school,
 - (F) Family trips in which student accompanies parent(s)/legal guardian(s),
 - (G) Other absences which have received prior approval from the Principal.

If your child is ill:

- 1) Parents should call the elementary office (Tec: 335-3320 or Cook: 864-4181) by 8:00am if their child is going to be absent from school.
- 2) When parents know that their child will be absent, they should make arrangements for work to be made up in advance.
- 3) If a student becomes ill or injured at school, parents will be notified if it is necessary to send them home.
- 4) If a student is recovering from illness or injury a written note should accompany the student if they are not to participate in Physical Education or recess.

The Principal has the discretion to deny approval for any of the reasons, depending on circumstances such as the student's number of other absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

2. Unexcused Absences: An absence which is not excused is unexcused. If a student's absence is unexcused the student may receive zeroes for any class work missed during the absence, and may be required to make-up work and the time missed.

A student who engages in unexcused absences may be considered truant as per state law. Truancy is a violation of school rules. The consequence of such action may include suspension from classes and the student may be required to make up the time missed. Students who leave the school premises without permission during the school day will be considered truant.

Absence Procedure. We believe it is of the utmost importance that students attend school as often as possible. State law requires that all students attend school on a regular basis. Any student who willfully disregards school attendance rules and regulations will be considered truant. Regular attendance is essential in maintaining learning and increasing a student's achievement.

A student may miss up to 8 days a semester, not including days missed for school related activities. If a student is required to miss school for a day or a period of time, the absence must be verified by written statement from a physician or parent/guardian.

Students who accumulate more than 8 unexcused absences in a semester may be excluded from extra activities such as field trips and Thunderbird activities.

After an excused absence, the student is responsible for completing any assignments that were missed. The student shall be granted 2 days for each day absent to complete the assignments. Students will receive full credit for their work provided it is completed in a timely manner. Illness, family emergencies, and school permission constitute acceptable excused absences.

If a student is leaving school between 8:15 a.m. and 3:33 p.m. they need to bring a note to the office or a parent/guardian call the office, and sign out at the office prior to leaving. If the student enters school between 8:15 a.m. and 3:33 p.m. they must check in at the office to get a pass before they go to class.

Reporting and Responding to Truant Behavior. Any administrator, teacher, or member of the Board of Education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the Superintendent or his or her designee. The Superintendent shall immediately cause an investigation into any such report to be made. The Superintendent shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the Superintendent believes that any child is unlawfully absent from school. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to remediate the child's truant behavior. Such services shall include, as appropriate, the services listed under the "Excessive Absenteeism" and "Reporting Habitual Truancy" policies.

Excessive Absenteeism. Students who accumulate twenty (20) absences in a school year shall be deemed to have "excessive absences" in accordance with Nebraska State Statute 79-209. Such absences shall be determined on a per class basis for students. When a student has excessive absences, the following procedures shall be implemented:

1. One or more meetings shall be held between the school attendance committee, the parent/guardian, and the student to report and attempt to solve the truancy problem. If the parent/guardian refuses to participate in such meeting, the principal shall place in the student's attendance records documentation of such refusal.
2. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the student in an alternative education program that meets the specific educational and behavioral needs of the student.
3. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the truancy problem, supplemented by specific efforts by the school to help remedy any condition diagnosed.
4. Investigation of the truancy problem by the school attendance committee to identify conditions which may be contributing to the truancy problem. If services for the child and his or her family

are determined to be needed, the committee performing the investigation shall meet with the parent/guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the truancy problem.

Reporting Habitual Truancy. If the student has been determined by the administration to be habitually truant, the Principal shall serve a written notice to the person violating state law (i.e., the person who has legal or active charge or control of the student) warning him or her to comply with the provisions of that statute. If within one week after the time such notice is given such person is still violating the school attendance laws or policies, the Principal shall file a report with the county attorney of the county in which such person resides.

Reporting Excessive Absenteeism to the County Attorney. If the child is absent more than five (5) days per quarter, or the hourly equivalent, the attendance officer shall file a report with the County Attorney of the county in which the person violating the compulsory attendance laws (i.e., the child, the child's parent, or the person who has legal or active charge or control of the child) resides. When reporting excessive absenteeism, the attendance officer shall inform the county attorney whether the excessive absences are due to documented illnesses that make attendance impossible or impractical. This may be done by informing the County Attorney of either the number of absences due to such illnesses or that the attendance officer is of the opinion that prosecution is not warranted.

Reporting to the Commissioner. The Superintendent or designee shall report on a monthly basis to the Commissioner of Education as directed by the Commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism of a student; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials (other than law enforcement officials employed by or contracted by the District as school resource officers) by the District relative to a student enrolled in the District.

SECTION 3: TARDINESS

Students will be considered tardy if they are not in their assigned area by 8:15am.

SECTION 4: LEAVING SCHOOL

Students who must leave school for any reason during the school day must check out at the office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student's parent or legal guardian. Under no circumstances should a student leave during regular school hours, including the noon hour, without checking out in the office.

SECTION 5: ATTENDANCE IS REQUIRED TO PARTICPATE IN ACTIVITIES

Students must attend school a minimum of one-half day, the day of any scheduled school activity in order to participate in the activity. This includes sports contests, practice and dances. Failure to attend on that day will result in a student being withheld from participation in the activity. The principal retains the right to grant participation should exceptional circumstances prevail.

SECTION 6: MAKE UP WORK

It is the student responsibility to always keep track of class assignments and if a student going to be absent and knows the date he/she needs to be responsible and make sure his/her assignments are done before he/she leaves.

Example: A student has a Dr. Appointment and will be absent on Thursday. If a teacher gives an assignment on Thursday and it is due on Friday, the student needs to be prepared to turn in the assignment on Friday.

Example: if a teacher gives an assignment on Thursday without informing the student or the student has an unscheduled absent on that Thursday, it will be the discretion of the teacher to decide when the assignment needs

to be completed. Extended time when making up assignments will be arranged with the discretion of the administration and teacher.

ARTICLE 5 – SCHOLASTIC ACHIEVEMENT

- 5) follow the directives and be responsible in carrying out directions.

SECTION 2: PROMOTION, RETENTION

The professional staff at Johnson County Central Public Schools will place students at the grade level and in the courses best suited to them academically, socially and emotionally. Students will typically progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the professional staff to be appropriate for the educational interests of the student and the educational program.

SECTION 3: REPORT CARDS

Report cards are issued at the end of each quarter.

SECTION 4: PARENT-TEACHER CONFERENCES

Parent-teacher conferences will be held in conjunction with 1st and 3rd quarters. Conferences will be announced via the school newsletter and website. Conferences with teachers at any other time are possible by calling the school office and making arrangements with one or more teachers as needed.

SECTION 5: TITLE 1 STAFF

Title 1 staff meets the NCLB Requirements of being highly qualified.

- Requirement #1 Newly Hired Teachers: Each teacher hired after the first day of the 2002-2003 school year and teaching in a program supported with Title 1, Part A funds must be highly qualified,” as defined in our state.
- Requirement #2 By the end of the 2005-2006 school year all teachers hired on or before the first day of the 2002-2003 school year in our district must be highly qualified.

ARTICLE 6 – SUPPORT SERVICES

SECTION 1: SPECIAL EDUCATION IDENTIFICATION AND PLACEMENT PROCEDURES

What is Special Education?

Special education provides educational experiences, curriculum and services, including transportation, through the use of staff, facilities, equipment and classrooms which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district.

How are Students With Disabilities Identified?

The first step is for parents to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individual Education Program (IEP) will be developed.

Students Who May Benefit

A student verified as having autism, behavior disorder, hearing impairment, mental handicap, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, visual handicap, or other handicapping condition may qualify for special education services.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three years by the MDT team. The MDT team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP)

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents specifying programs and services which will be provided by the schools. If necessary, the district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent.

An IEP is developed in a conference setting. Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
2. An individual who can interpret the instructional implications of evaluation results;
3. One or both parents;
4. The child (when appropriate);
5. At least one regular education teacher if the child is, or may be participating in the regular education environment;

6. At least one special education teacher;
7. A representative of the nonpublic school if the child is attending a nonpublic school;
8. A representative of a service agency if the child is receiving services from an approved service agency; and
9. Other individuals, at the discretion of the parent or school district.

It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting. The school district will provide parents with a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students are entitled to have supplementary aids and services to help them in a regular educational setting. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings. Determination of a student's educational placement will be made by a team of persons who knows the student and who understands the tests and procedures that assess the student's learning abilities. Team members know the available programs and services which might help the student. Parents are asked for written consent to determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested. Written notice shall be given to parents a reasonable time before the school district: (1.) Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or (2.) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

Transportation of Students Receiving Special Education

The district administration will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Access to Student Records

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

Nonpublic School Students

Students in state-approved nonpublic schools may participate in special education programs in the same manner as public school students.

Parental Review of Programs

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings and decisions made in a state level hearing have the right to bring civil action.

Plans and Budget

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Johnson County Central Public Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 (complaint procedures) or Rule 55 (appeal procedures) may contact the Superintendent at the Johnson County Central Public Schools District Office.

Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F., vomiting, diarrhea, unexplained rashes, live head lice or nits, or on determination by the school nurse that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's enrollment card so that you can be reached if your child becomes ill or injured while at school. Please also inform your school health office staff of health related information you feel is important for your student's success in the classroom and/or safety at school.

Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that the child take or have medication available at school, the parents/guardians must provide a signed written consent for the child to be given medication at school. A consent form is available at the school health office.

Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. All medications also require a physician's authorization to be given at school. The school nurse may limit medications to those set forth in the Physician's Desk Reference (PDR). Please limit the amount of medication provided to the school to a two-week supply. No medications are to be kept by students, not even aspirin, ibuprofen, acetaminophen, etc.

Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten and the seventh grade, or in the case of transfer from out of state to any other grade. A parent or guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student's file. Waiver forms are available in the school health office.

Immunizations

It shall be the policy of Johnson County Central Public Schools that each student wishing to enroll in the school district must be immunized as required by state law and the rules and regulations promulgated by the Nebraska Department of Health and Human Services in effect at the time of the student's enrollment.

General Rule

- a. The district is not responsible for the cost of such immunizations.
- b. Any student who does not comply with this policy shall not be permitted to continue attending school.
- c. The building principal shall be responsible for maintaining immunization records for the students enrolled in his/her building and shall share that information with the school's threat assessment and crisis teams as appropriate.

Exceptions

- a. Students who meet the statutory requirements for provisional enrollment may be allowed to attend school for sixty days without the necessary immunizations.
- b. Immunization shall not be required if the student's parent or guardian submits one of the following to the superintendent of schools:
 - I. A statement signed by a medical professional stating that the required immunization would be injurious to the health and well-being of the student or any member of the student's household; or
 - II. An affidavit signed by the student or a legally authorized representative of the student, stating that the immunization conflicts with the student's sincerely held religious beliefs.
- c. Students who are exceptions from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Immunizations against the following diseases are required for every child:

- MEASLES • MUMPS • RUBELLA • POLIOMYELITIS • DIPHTHERIA • PERTUSSIS • TETANUS

All students in all grades will be required to present evidence of:

- 3 doses of DTP, DTaP, DT, or Td vaccine

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling a new student in school. If your child is registering with Johnson County Central Public Schools for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Guidelines for Head Lice

It is the intention of Johnson County Central Public Schools to maintain a learning environment that is free of head lice. The following guidelines have been adopted by Johnson County Central Public Schools, starting with school year 2015-2016.

Protocol for head lice/nits:

1. Students with live head lice will be excluded from school.
2. **Students with unhatched eggs (nits) that are more than 2 inches from the scalp WILL NOT be excluded from school. Unhatched eggs that are within 2 inches from the scalp are considered viable and the student WILL NEED to be removed from school. Parents will be notified to administer proper treatment to rid the infestation.**

Treatment of head lice:

1. Treat affected child with appropriate over the counter or prescription treatment and check other family members for infestation. Treat family member if infestation present.

2. Shampoo with medicated treatment only when infected and 7 days after initial treatment. Medication in the treatment can be absorbed through the scalp and treatment guidelines should be followed. Please contact your healthcare provider if you have any questions or concerns regarding medicated treatment guidelines.
3. Discard brushes and combs, or place in disinfectant. Depending on combs/ brushes, you can also possibly boil these in water for 10-15 minutes to kill lice/nits that are in the brush. Vacuum carpets, sofas, chairs, and car interiors, etc. plus wash all throw rugs. A pesticide spray is available, if you are not able to rid with vacuuming.
4. Wash all clothing, coats, hair accessories, hats, and bed linens in HOT water. Store all non-washables in tightly sealed garbage bags for at least 2 weeks. This included stuff animals, dolls, etc. Pillows can be placed in dryer on warmest (preferably HOT) setting possible, or vacuumed, or sprayed with pesticide spray if needed.
5. TO be effective, steps #1-#4 must be completed at the same time.

Guidelines for readmission to school

1. Students with no live lice will be allowed to return to or remain in class.
2. Students with nits that are over 2 inches from scalp will be allowed to return to or remain in class.
3. Students will be rechecked every 7-10 days by the school nurse. If live lice are present, the student will be excluded from school until treatment is completed.
4. Prior to readmission to school, school nurse will assess student's head for live lice and nits.

The school nurse will check students for head lice as deemed necessary.

Parents are expected to provide treatment and care of head lice infestation. It is the parent's responsibility to check their child or children for head lice periodically throughout the school year, notify the school of the infestation, and provide proper care to eliminate head lice infestation.

Such diagnosis will be the responsibility of the student and his/her parents or guardians. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

Administration:

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

ARTICLE 8 – STUDENT RIGHTS, CONDUCT, RULES AND REGULATIONS

SECTION 1: STUDENT CONDUCT AND DISCIPLINE POLICIES

The common goal of students, parents, faculty and administration of Johnson County Central Public Schools is to maintain a school atmosphere which is conducive to learning. In order to achieve this, Johnson County Central Public Schools will continue to review and distribute a set of reasonable and fair rules and policies. VIOLATIONS OF THE JOHNSON COUNTY CENTRAL PUBLIC SCHOOL'S RULES AND POLICIES WILL RESULT IN DISCIPLINARY ACTION.

Part 1 Forms of School Discipline

- A. Development of Uniform Discipline System. It shall be the policy of Johnson County Central Public Schools that it shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process. The school district's discipline is guided by the following principles:
- a. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
 - b. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
 - c. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
 - d. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
 - e. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extra-curricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Interventions that may be deemed reasonable may include counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.

Administrative and teaching personnel may take actions regarding student behavior which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences,

rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; and a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will normally not exceed 60 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.
- Detentions are of a length of time determined by the Principal, served in the central office or the detention room designated by the building Principal.

Saturday School

The building administrator may require a student to attend Saturday School for a length of time determined by the Principal on Saturday morning. Saturday School is held in a classroom staffed by teachers. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed from the classroom and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

It shall be the policy of Johnson County Central Public Schools the following process shall be followed in considering the extension of an emergency exclusion (exclusion) of a student for more than five school days. Pursuant to the Student Discipline Act, the principal has the authority

to exclude a student from school for five school days on an emergency basis. If the superintendent or superintendent's designee determines that it is appropriate to consider the extension of an exclusion beyond five days, such consideration shall be considered according to the procedures set forth below.

Notification of Student's Parent(s) or Guardian(s). The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit an oral request for a hearing on the proposed extension of the exclusion within two school days of receiving the initial notice. If the initial request for a hearing is oral, they shall confirm the request in writing.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within two school days of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

Appointment and Qualifications of a Hearing Examiner. If the parent(s) or guardian(s) request a hearing, the superintendent shall appoint a hearing examiner upon receiving a request for a hearing. The hearing examiner may be any person who did not bring charges against the student, is not to be a witness at the hearing, and has no involvement in the charge.

Hearing Examiner's Notice to Parent(s) or Guardian(s). The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within five school days after the school district receives the initial oral or written request; provided, the hearing may be held more than five school days after receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parents or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student's Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested

to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Student and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify.

Sworn or Affirmed Testimony. The principal or his or her designee shall present evidence supporting the recommended extension of the exclusion. Witnesses will give testimony under oath of affirmation, and may be questioned.

Hearing Examiner's Report and Recommendations. The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

Superintendent's Decision. The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). If the superintendent decides to extend the exclusion, the extension will take effect immediately.

1. Short-Term Suspension

- a. Students may be excluded by the Principal or his/her designee from school or any school function for a period of up to five (5) school days (short-term suspension) on the following grounds:
 - (1) Conduct constituting grounds for expulsion as set forth later in this policy; or
 - (2) Other violations of rules and standards of behavior adopted by the Johnson County Central Public Schools Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.
- b. The following process will apply to short-term suspension:
 - (1) The Principal or his/her designee shall make a reasonable investigation of the facts and circumstances. In addition, such short-term suspension shall be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.

- (2) Prior to commencement of the short-term suspension, the student shall be given oral or written notice of the charges against the student. The student shall be advised of the alleged violation, the basis of the accusation, and an explanation of the evidence in possession of the authorities.
- (3) The student shall be afforded an opportunity to explain his/her version of the facts to the person affecting the short-term suspension.
- (4) Within twenty-four (24) hours or such additional time as is reasonably necessary following the suspension, the administrator shall send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity shall be afforded to the student, and the student's parent or guardian, to have a conference with regard to the matter with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian shall attend the conference.

2. Long-Term Suspension

Students may be excluded by the Principal or designee from school or any school function for a period of six (6) school days but less than twenty (20) school days on (long-term suspension) the conduct constituting grounds for expulsion as set forth later in this policy. The process for long-term suspension is also set forth later in this policy.

3. Expulsion

- a. Defined. Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten (10) school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in Paragraph 4d, in which case the expulsion shall remain in effect for the period specified. Such action may be modified or terminated by the school district at any time during the expulsion period.
- b. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review before the beginning of the school year. The review shall be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and

the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the Board of Education or a committee of the board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the superintendent.

- c. Suspension of Enforcement. Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one (1) full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program which the school district deems appropriate for rehabilitation of the student. In lieu of other authorized educational programs to which the student may be assigned, the school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the Superintendent or his/her designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The Principal or his/her designee shall make the determination whether or not the student's participation has been satisfactory.

- d. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen (19) years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or his/her designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or his/her designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student

shall, upon such return, be screened by the school for possible disabilities and, if the screening so indicates, be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:

- (1) the knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or

Such action may be modified or terminated by the school district at any time during the expulsion period.

In addition, a student who is determined to have brought a firearm to school, or to have possessed a firearm at school, shall be expelled from school for a period of not less than one year. The Superintendent may modify such one-year expulsion requirement on a case-by-case basis, provided that such modification is in writing. A notice of intent to discipline the student by long-term suspension, expulsion, or mandatory reassignment shall be filed with the Superintendent or his/her designee. The student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the Superintendent.

- g. If a request for hearing is not received within thirty (30) calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.
- h. In the event that a hearing is required to be provided, the Superintendent shall appoint a hearing officer.

Hearing Procedure:

- a. Hearing Officer. The hearing officer shall be any person designated by the Superintendent. The hearing officer shall be an individual who has had no involvement in the charge, will not be a witness at the hearing and who has not brought the charges against the student. It shall be the duty of the hearing officer to remain impartial throughout all deliberations. The hearing officer shall be available prior to any hearing held pursuant to this policy to answer any questions the administrative representative, the student, the student's parents, or guardian, may have regarding the nature and conduct of the hearing.

- c. Notice of Hearing. If a hearing is requested within five (5) school days of receipt of the notice, the hearing officer shall, within two (2) school days after being appointed, give written notice to the administrative representative, and the student and the student's parents or guardian of the time and place for the hearing. The hearing shall be scheduled within a period of five (5) school days after it is requested. No hearing shall be held upon less than two (2) school days' actual notice to the administrative representative, and the student, the student's parents, or guardian, except with the consent of all of the parties.

- d. Continuance. Upon written request of the student or the student's parents or guardian, the hearing officer shall have the discretionary authority to continue from time to time the hearing. In addition, the hearing officer may continue the hearing upon any good cause.

- f. Hearing Procedure. The hearing shall be attended by the hearing officer, the student, the student's parents, or guardian, the student's representative if any, and the administrative representative. The student may be excluded at the discretion of the hearing officer at times when the student's psychological evaluation or emotional problems are being discussed. The student or the student's parents or guardian or both may be represented by legal counsel. The hearing examiner may exclude anyone from the hearing when his/her actions substantially disrupt an orderly hearing. The formal rules of evidence shall not apply at the hearing. The administrative representative shall present to the hearing officer statements, in affidavit form, of any person having information about the student's conduct and the student's records, but not unless such statements and records have been made available to the student, the student's parents, guardian or representative prior to the hearing. The information contained in such records shall be explained and interpreted prior to or at the hearing to the student, parents or guardian, or representative at their request, by appropriate school personnel. The student, the student's parents, guardian, or representative, the administrative representative or the hearing officer may ask witnesses to testify at the hearing. However, a student need not testify; and if he/she chooses not to testify, no conclusion may be drawn therefrom. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case.

A single hearing may be conducted for more than one (1) student if in the discretion of the hearing examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved. If during the conduct of such a hearing, the hearing examiner concludes that any of such student's interests will be substantially prejudiced by a group hearing, or that confusion is resulting, the hearing examiner may order a separate hearing for each or any of said students.

- g. Availability of Witnesses. The hearing officer will have the authority to subpoena any witnesses to the hearing and shall make reasonable efforts to assist in obtaining the attendance of any witnesses requested by the student, student's parents or guardian or their legal representative.

- h. Record. The proceedings of the hearing shall be recorded at the expense of the school district.
- i. Findings. Within a reasonable time after the conclusion of the hearing, the hearing officer shall prepare and submit to the Superintendent of Schools his/her written findings and recommendation as to disposition. This report shall explain, in terms of the needs of both the student and the Board of Education, the reasons for the particular action recommended. Such recommendation may range from no action, through the entire field of counseling, to long-term suspension, expulsion, or mandatory reassignment.
- j. Review by Superintendent. The Superintendent of Schools shall review the findings and recommendations of the hearing officer and in his/her discretion may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. However, the Superintendent may not impose a more severe sanction than that imposed by the hearing officer.
- k. Notice of Determination. Written notice of the findings and recommendations of the hearing officer and the determination of the Superintendent of Schools shall be made by certified registered mail or by personal delivery to the student, the student's parents or guardian. Upon receipt of such written notice by the student and/or parents and guardian, the determination of the Superintendent shall take immediate effect.
- l. Appeal to Board. The student, student's parents or guardian may, within seven (7) school days following the receipt of the Superintendent's decision, submit to the Superintendent of Schools a written request for a hearing before the Johnson County Central Public Schools Board of Education.
- m. Review by Johnson County Central Public Schools Board of Education. Upon receipt of the request for review of the Superintendent's determination, the Johnson County Central Public Schools Board of Education, or a committee of not less than three (3) members shall, within ten (10) school days, hold a hearing on the matter. The hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education, or committee thereof, may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations which require additional evidence, the Board of Education, or committee thereof, may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The Board may alter the Superintendent's disposition of the case if it finds his/her decision to be too

severe, but it may not impose a more severe sanction. A designated method of giving notice by the Board of Education or committee thereof, if required, for any Board review shall be by posting on the schoolhouse door.

The final decision of the Board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

2. Protection of other students or property from the student;
3. Removal of the student from a situation that endangers the student, other persons, or property.

1. Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.
2. When a Principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the Principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the Principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.
3. In an effort to demonstrate that student behavior is always subject to possible legal sanctions regardless of where the behavior occurs it shall be the policy of the Johnson County Central Public Schools to notify the proper legal authorities when a student engages in any of the following behaviors on school grounds or at a school sponsored event:
 - (a) Knowingly possessing illegal drugs or alcohol.
 - (b) Aggravated or felonious assault.
 - (c) Vandalism resulting in significant property damage.

When appropriate, it shall be the responsibility of the referring administrator to contact the student's parent of the fact that the referral to legal authorities has been or will be made.

E. **Attire and Grooming**

All students are expected to take pride in their personal appearance. Students should be clean, neat, and dressed in proper clothing to conform to educational standards. The attire should not disrupt the educational process or constitute a possible threat to the safety and health of the student or his peers. Decency and modesty should prevail.

The administration may by regulation establish specific attire that is and is not permitted. The following do not constitute acceptable school attire:

1. Clothing or jewelry that is gang related;
2. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants, clothes with holes);
3. Clothing or jewelry which displays advertisements for products not available to the student by Nebraska law (i.e. drugs, alcohol, tobacco, gambling, and the promotion of violence);
4. Clothing or jewelry that could be used as a weapon (i.e. chains, spiked apparel) or that would encourage "horseplay";
5. Headwear, including hats, caps, bandanas, and scarves, will not be worn in the buildings of the district or at school related activities in other facilities;
6. Clothing or jewelry which exhibits nudity, makes sexual references, or carries double meanings;
7. Inappropriate or distracting markings or tattoos as determined by the administration must be covered.

The school dress code will be in effect during school hours and school activities unless students are given permission by the Principal to wear something different. The final decision regarding attire and grooming will be made by the Principal or Superintendent. Penalties for violations of attire regulations will be addressed in the student handbooks.. Continual violations of the dress code will result in disciplinary actions (suspension or expulsion).

F. **Respect for Persons and Property**

Students are expected to exhibit responsibility by showing respect for persons and property. Students also have responsibility neither to take nor damage the property of other students, school personnel or the District.

G. **Tobacco/Alcohol and Other Drugs**

As a participant in Toward a Drug Free Nebraska Program, certain training levels and standards are present in Johnson County Central Public Schools policies. A comprehensive, age-appropriate, developmentally

based, alcohol and other drug education and prevention program for all students in all grades is in place. The education and prevention program includes information on the legal, social, and health consequences of alcohol and other drug use. The program includes teaching students effective techniques for resisting peer pressure to use alcohol and other drugs.

The District takes the position that the use of illicit drugs and the unlawful possession and use of alcohol is illegal and harmful. This policy will be reviewed on a frequent basis to 1) determine program effectiveness and implement any necessary changes, and 2) to ensure that the policy sanctions are consistently enforced.

Appropriate disciplinary sanctions and educational measures shall be imposed when any Johnson County Central Public Schools student is found to be in violation of school policy relating to the possession, (including "under the influence") use, sale, manufacture or distribution of alcohol, tobacco, (including smokeless tobacco) controlled substances, or "look-alikes," on school property, at school sanctioned activities, (either on Johnson County Central Public Schools property or at other community sites), or when being transported in vehicles dispatched by the school district.

H. **Harassment and Bullying Policy:**

It is the policy of Johnson County Central Public Schools that "bullying" type behavior is not to be permitted. These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, race harassment, etc.).

- (i) Step One: The first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school's opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage the student may be disciplined under the student code by actions which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.
- (ii) Step Two: The second time school personnel become aware of a harassment incident, the student's parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.
- (iii) Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may

assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.

- (iv) Step Four: If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

K. **Internet Safety Policy**

It shall be the policy of Johnson County Central Public Schools to make technology resources available only to advance educational goals and objectives, supplement instruction, and further school purposes. The operation and use of technology resources by students, staff, and the community shall be consistent with this policy.

Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail or electronic communication, and the Internet. The implementation of this policy shall include technology protection measures with respect to computers and internet access, consistent with District standards, the Children's Internet Protection Act, the Children's Online Privacy Protection Act, and other applicable law. The Superintendent and the Superintendent's designees are authorized and directed to establish and enforce regulations, forms, procedures, guidelines, and specific District standards to implement this Policy.

L. **"E-Mail"/Internet Access**

The District offers certain staff and students of Johnson County Central Public Schools access to the district computer network, including electronic mail ("e-mail") and the internet. Students may be provided with individual student e-mail accounts.

Access to e-mail and the internet will enable staff and students to explore libraries, data bases, and bulletin boards, while exchanging messages with internet users throughout the world. Students and parents should be warned that some material accessible by the internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While the district's intent is to make internet access available to further educational goals and objectives, students may

find ways to access other materials as well. The district believes that the benefits to students from access to the internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their students should follow when using media and information resources. To that end, the district supports and respects each family's right to decide whether or not to apply for access.

A. E-Mail and Internet Rules:

1. General Rules

- (a) E-mail and internet networks are provided to staff and students to conduct research and communicate with others. Access to network services is given to staff and students who have agreed to act in a responsible manner. Parental permission is required for student use. Access to e-mail and the internet is a privilege, not a right.
- (b) Individual users of the district computer networks are responsible for their behavior and communications over those networks. Users will comply with district standards and will honor the agreements they have signed. Beyond clarification of such standards, the district is not responsible for restricting, monitoring, or controlling the communications of individuals utilizing the network.
- (c) Network storage areas shall be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. - (l) Users shall not access resources not specifically granted to the user-- whether damage is done or not, such use constitutes electronic trespassing, and will not be tolerated. Damages incurred will be considered to constitute electronic vandalism.

The internet will be provided on an "as is, as available" basis. The District does not imply or expressly warrant that any information users access will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet. The District reserves the right to refuse posting of files, and to remove files. The District further reserves the right to inspect a user's computer and computer usage at any time. Users have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet

system. The computer system is not a public forum. It is provided for the limited purpose of advancing the District's mission.

A technology protection measure is in place that blocks and/or filters internet access to prevent access to internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate. The technology protection measure that blocks and/or filters internet access may be disabled only by an authorized staff member for bona fide research or educational purposes with the permission of a building administrator. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

3. Etiquette for Use of the Internet

All users of Johnson County Central Public Schools' computers and networks are expected to abide by the generally accepted rules of network etiquette. Use of the computer to access telecommunications resources is a privilege and not a right. Violation of the policies and procedures of Johnson County Central Public Schools concerning the use of computers and networks may result in

disciplinary action up to, and including, suspension and/or expulsion of students and suspension, termination, non-renewal or cancellation of the contract of an administrator, teacher or other school employee.

This policy shall be included in faculty, staff, and student-parent handbooks. Through the act of signing the notice of receipt included in each handbook, faculty, staff, students, and parents signify an agreement to comply with this policy.

M. Discipline Actions for Special Education Students

Violation of Rules for Student Conduct

It shall be the policy of Johnson County Central Public Schools that special education students may be suspended for violation of student conduct rules to the same extent as other students, subject to the limitations and procedures imposed by federal and state laws and regulations. The limitations and procedures vary depending on the length of the suspension in question, the nature of other suspensions of the student during the school year, and the student's conduct or rule violation.

1. **Suspensions of Less Than Ten (10) Consecutive School Days**

A. When the student has not been suspended for ten (10) days or more during the school year, and this suspension will not cause the student to be suspended for more than ten (10) days during the school year.

Regular Procedures. A special education student may be suspended from school for ten (10) consecutive school days or less, under the same procedures as students without disabilities. For suspensions of one (1) to five (5) school days, the process for short-term suspensions shall be followed. For suspensions of six (6) to ten (10) school days, the process for long-term suspensions shall be followed. The length of the suspension should be the same as it would be if the student were not in special education.

Inform IEP Manager. The Building Principal or designee should inform the student's IEP manager of the suspension.

Services During Suspension. Services do not need to be provided to a special education student who is suspended for less than ten (10) consecutive school days and who has not been suspended for more than ten (10) days during the school year, except to the extent services would be provided to a student without disabilities.

B. When the student has been suspended for ten (10) days or more during the school year, or this suspension will cause the student to be suspended for more than ten (10) days during the school year.

Regular Procedures. The regular procedures for a short-term or long-term suspension, as appropriate, shall be followed.

Inform IEP Manager. The Building Principal or designee should inform the student's IEP manager of the suspension.

Determine if a Change in Placement will occur because of the suspension. The IEP manager shall make a determination of whether a "change of placement" has or will occur as a result of the suspension. The regulations set out the following standard for this purpose: "The child is subjected to a series of removals that constitute a pattern because they cumulate to more than ten (10) school days in a school year, and because of factors such as the length of each removal, the total amount of time the child is removed, and the proximity of the removals to one another." The IEP manager is encouraged to have this determination made by the IEP team, if reasonably possible considering the length of the suspension and scheduling concerns.

Notice of Decision and Safeguards. The student's parents or guardians shall be notified of the suspension decision and be given the procedural safeguards notice. This notice should be given on or before the date the decision to suspend is made.

(1) If it has been determined that the suspension will not cause a change in placement.

IEP Meeting to Develop FBA plan and Develop or Review and Modify BIP. An IEP team meeting will be convened if necessary. The team will: (1) develop a functional behavioral assessment (FBA) plan, if such an assessment had not been conducted before the student engaged in the behavior for which the student is being suspended, and (b) develop, review and, if necessary, modify any existing behavioral intervention plan (BIP). This meeting will **not** be required if a FBA and a BIP was in place before the behavior occurred, unless one (1) or more of the IEP team members believe that modifications in the BIP are needed.

Services During Suspension. The District will provide services to the student during the suspension to the extent necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. The determination of what services are necessary is to be made by school personnel, in consultation with the student's special education teacher(s).

The IEP team shall develop a FBA plan and develop, review and, if necessary, modify the BIP. The IEP team and other qualified personnel shall conduct a manifestation review, to determine whether the behavior of the student was a manifestation of the student's disability. If it is determined that the behavior of the student was a manifestation of the student's disability, the suspension will not be continued or enforced. If it is determined that the behavior of the student was not a manifestation, the IEP team shall further determine what services must continue during the suspension.

This meeting shall be convened immediately, if possible, but no later than ten (10) school days after the date on which the decision to take the expulsion or suspension action is taken. The IEP team shall develop a FBA plan and develop, review and, if necessary, modify the BIP. The IEP team and other qualified personnel shall conduct a manifestation review, to determine whether the behavior of the student was a manifestation of the student's disability. If it is determined that the behavior of the student was a manifestation of the student's disability, the expulsion or suspension will not be continued or enforced. If it is

determined that the behavior of the student was not a manifestation, the IEP team shall further determine what services must continue during the suspension.

The following steps will apply:

Regular Procedures. The process for long-term suspensions or expulsions will be followed. The length of the placement in the alternative educational setting should be the same as it would be if the student were not in special education, subject to the forty-five (45) calendar day limit. An IEP team will be convened. This meeting should be convened immediately, if possible, but no later than ten (10) school days after the date on which the decision to take the expulsion or long-term suspension action is taken. The IEP team shall develop a FBA plan and develop, review and, if necessary, modify the BIP. If it is determined that the behavior of the student was not a manifestation, the IEP team shall further determine what services must continue during the long-term suspension or expulsion, and the alternative educational setting in which the student is to be placed.

Services during Expulsion or Suspension. The District will provide services to the student during the expulsion or suspension in an alternative educational setting. The alternative educational setting will be selected to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in the IEP, and will also include services and modifications to address the behavior designed to prevent the behavior from recurring. The determination of the alternative educational setting is to be made by the IEP team.

4. **Forty-five (45) Day Hearing Officer Placement (Dangerousness).**

A State Department of Education Hearing Officer may, through a special proceeding, place a special education student in an interim alternative educational setting for not more than forty-five (45) days if a student's current placement is substantially likely to result in injury to the student or others. The Superintendent or designee is authorized to initiate such proceedings when deemed appropriate.

5. **Applicability of Regulation.**

The procedures and requirements of this regulation are applicable to students who have been determined to be eligible for special education and related services and to students who assert the protections of this regulation or the law and regulations pertaining to the discipline of special education students, if the District had knowledge that the student is a child with a disability before the behavior that precipitated the disciplinary action occurred.

The District may be deemed to have knowledge that the student is a child with a disability if: (1) the parent of the student has expressed concern in writing to personnel of the District that the student is in need of special education and related services; (2) the behavior or performance of the student demonstrates the need for these services; (3) the

If an evaluation request is received during the time a student is suspended or expelled, the evaluation is to be conducted in an expedited manner.

Part 2 Reporting Student Law Violations

- (1) Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.
- (2) When a Principal or other school official releases a student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the student from the school premises, the Principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the student regarding the release of the student to the officer and regarding the place to which the student is reportedly being taken, except when a student has been taken into custody as a victim of suspected child abuse, in which case the Principal or other school official shall provide the peace officer with the address and telephone number of the student's parents or guardian.

Section 3 Anti-discrimination & Harassment Policy

Elimination of Discrimination. Johnson County Central Public Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination of Students.

Purpose: Johnson County Central Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, the Johnson County Central Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, religion, national origin, sex, disability or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

Submission to such conduct is both an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;

Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time.

The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures:

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Johnson County Central Public Schools. If a satisfactory arrangement cannot be obtained through the Superintendent of Johnson County Central Public Schools, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent of Johnson County Central Public Schools will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Notice to Parents of Rights Afforded by Section 504 of the Rehabilitation Act of 1973

The following is a description of the rights granted by federal law to qualifying students with disabilities. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
8. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent).
11. File a local grievance.

Section 5 Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without

consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-5920

The period of time within which a parent or eligible student has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information is as follows: two weeks from the time this information is first received. The district may disclose information about former students without meeting the conditions in this section.

ADDITIONAL NOTICE CONCERNING DIRECTORY INFORMATION

The district's policy is for education records to be kept confidential except as permitted by the FERPA law, and the district does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assists with the task of grading student work and returning graded work to students. The district does not either approve or disapprove such teaching practices, and designates such student work as directory information and as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the district in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Section 6 Notice Concerning Staff Qualifications

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Johnson County Central Public Schools will give parents/guardians the following information about their child's classroom teacher:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.

The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Johnson County Central Public Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

Section 7 Student Privacy Protection Policy

It is the policy of Johnson County Central Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted

or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be “sensitive” for purposes of this policy:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student’s parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Section 9 Homeless Students Policy

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

Homeless Coordinator: The Superintendent shall serve as the District's designated Homeless Coordinator. The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that: (1) homeless children are identified by school personnel; (2) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (3) homeless children and their families receive educational service for why they are eligible and referrals to health, dental, and mental health services and other appropriate services; (4) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (5) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (6) enrollment disputes are mediated in accordance with law; and (7) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance area where the child is actually living. To the

extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending resolution of the dispute in accordance with the dispute resolution process. The homeless child shall be immediately enrolled in the school in which the District has determined to place the child, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residency, or other documentation. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (1) if the homeless child's school of origin is in the Johnson County Central Public Schools, and the homeless child continues to live in the Johnson County Central Public Schools, transportation to and from the school or origin shall be provided by the Johnson County Central Public Schools; and (2) if the homeless child lives in a school other than the Johnson County Central Public Schools, but continues to attend the Johnson County Central Public Schools based on it being the school of origin, the new school and the Johnson County Central Public Schools shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

Section 10. Breakfast and Lunch Programs

Johnson County Central Public Schools has agreed to participate in the National School Lunch Program and accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction. The school food authority assures the State Department of Education that the school system will uniformly implement the following policy to determine children's eligibility for free and reduced price meals in all National School Lunch Programs. In fulfilling its responsibilities the school food authority:

1. Agrees to serve meals free to children from families whose income meets eligibility guidelines.
2. Agrees to serve meals at a reduced price to children from families whose income falls between free meal scale and the poverty guidelines.
3. Agrees to provide these benefits to any child whose family's income falls within the criteria in Attachment A after deductions are made for the following special hardship conditions which could not reasonably be anticipated or controlled by the household: Unusually high medical expenses; shelter costs in excess of 30 percent of reported income; special education expenses due to the mental or physical condition of a child; disaster or casualty losses.
4. In addition, agrees to provide these benefits to children from families who are experiencing strikes, layoffs and unemployment which cause the family income to fall within the criteria set forth in federal guidelines.
5. Agrees there will be no physical segregation of, nor any other discrimination against, any child because of his inability to pay the full price of the meal. Meal Charge Policy. The district will notify students and their families of the policy for **Charged Meals**, meaning meals received by a student when the student does not have money in hand or in his or her food account. This policy applies to students who receive meals at the free, reduced, or full rates.

Notice of this policy must be provided in writing to all households at the start of each school year and to households that transfer to the school during the school year. Notice may be provided through the student handbook, student registration materials, online portal used to access student accounts, direct mailing or e-mail, newsletter, the district website, and/or any other appropriate means. Notice of this policy will also be provided all school staff responsible for the enforcement of it, including food service professionals responsible for collecting payment for meals at the point of service, staff involved in notifying families of low or negative balances, and other staff involved in enforcing any aspect of this policy.

The district's policy on charged meals is:

- If a student in grades PK-5 has no funds available to pay for a meal, the student will be permitted to charge up to five meals. Thereafter, if the student has no funds available to pay for a meal the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.
- If a student in grades 6-12 has no funds available to pay for a meal, the student will be permitted to charge up to five meals. Thereafter, if a student has no funds available to pay for a meal, no food will be provided to the student.
- If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Section 11 Student Fees

The District may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of District-owned equipment or attire. The coach or sponsor will provide students with written guidelines detailing the fees charged, the equipment and/or clothing required, or the usage fee charged. The guidelines will explain the reasons that fees, equipment and/or clothing are required for the activity.
6. Post-secondary Education Costs. Some students enroll in post-secondary courses while still enrolled in the District's high school. As a general rule, students must pay all costs associated with such post-

secondary courses. However, for a course in which students receive both high school and post-secondary education credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the District shall offer the course without charge for tuition, transportation, books, or other fees. Actual participation in the free or reduced price lunch program is not required to qualify for the waivers provided in this section. The District is not obligated to provide any particular type or quality of equipment or other material to eligible students. Application for allowable fee waivers must be received in the Superintendent's office before the activity or project in question is commenced to qualify for a fee waiver.

The District will, when appropriate, request donations of money, materials, equipment or attire from parents, guardians, and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements and staff members of the districts are directed to clearly communicate that fact to students, parents and patrons.

The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate School District fund that will not be funded by tax revenue, and that will serve as a depository for all moneys collected from students for (1) participation in extracurricular activities, (2) post-secondary education costs, and (3) summer school or night school courses. Moneys in the Student Fee Fund shall be expended only for the purposes for which they were collected from students.

Section 12 Asbestos

The Johnson County Central Public Schools system's asbestos management plan is located in the office of the Asbestos Program manager, Superintendent Jack Moles, and may be reviewed by requesting permission through his or the principal's office. A copy of the basic building will be located in the Principal's office of each building. Summary information of all buildings is included in the master plan in the Asbestos Program Manager's office. Information on auxiliary buildings is located in the building plans and the master plan.

The asbestos-containing events are re-inspected on a six-month basis and the plan will be revised to indicate any change in status of these various events and to upgrade the asbestos response system. Up-to-date information regarding asbestos within the building may be obtained directly from the Asbestos Program manager. On at least a three year basis, an inspection by a federally certified inspector will be conducted and the asbestos management plan revised accordingly. The plan will be kept current through periodic additions to an ongoing filing system maintained to support the plan and to document the appropriate and regulatory correct conduct of the School System. These files are part of the plan and may be reviewed by the public and copies obtained upon request. Similarly, requests for immediate repair or response made as part of the initial inspection, and which may evolve from future inspections are also part of the plan. There is an assumption that immediate response actions identified through the initial inspections have occurred unless otherwise stated within the building plans.

Concussion Management: Return to Learn

While Nebraska law requires a specified Return to Play protocol, equally important in the academic setting is a Return to Activity policy. “Bridging the Gap from Concussion to the Classroom: Return to Learn” was developed to provide guidance to assist Nebraska school districts in developing a concussion management policy, including the provision of appropriate classroom adjustments for concussed students facing learning challenges.

After a concussion, among other effects, connections within the brain become stressed, resulting in the breaking of some connections between different brain areas and limiting the ability of the brain to process information efficiently and quickly. (Molfese 2013) These changes can lead to a set of symptoms affecting the student’s cognitive, physical, emotional and sleep functions, which may result in reduced ability to do tasks at home, at school, or work. During this time, returning to play or full-time academics before symptoms have cleared can result in **prolonged recovery time or risk of further injury**. Ignoring the symptoms and trying to “tough it out” often makes symptoms worse!

Concussion Management: Recommended Best Practice for Nebraska Schools

Once a concussion has been diagnosed by a healthcare professional, managing the concussion is best accomplished by creating a support system for the student/athlete. **Communication and collaboration** among parents, school personnel, coaches and athletic trainers, and healthcare providers in overseeing both the return to academics and return to play progressions is essential for the recovery process. Teamwork is required to adjust the treatment and management of the concussion. **Best practice indicates that the student should return to school with a RELEASE OF INFORMATION SIGNED BY THE PARENTS that allows for two-way communication between school personnel and the healthcare provider.** (McAvoy, 2012)

Symptoms of concussion often create learning difficulties for students. Immediately after diagnosis of a concussion, an individualized plan for learning adjustments should be initiated with a gradual, monitored return to full academics as symptoms clear. Typical classroom adjustments and accommodations may include:

- Reduce course workload
- Decrease homework
- Allow breaks during the day, i.e. rest in quiet area
- Allow additional time to complete assignments
- Provide instructor’s notes, outline or study guide for student
- Avoid over-stimulation (noise and light)
- Avoid testing or completion of major projects during recovery time when possible

If a student athlete continues to receive academic adjustments due to the presence of any symptoms, they should be considered symptomatic and not be allowed to resume physical activity.
