Superintendent Report May 2020

by Dr. Galen Boldt

From the Superintendent May 2020

Greetings!!!

Well, other than that, Mrs. Lincoln, how was the play? By now I hope that everyone is getting an opportunity to adjust to the rhythm of educational life as we know it in the Pandemic atmosphere. Let's hope that the rhythm gets a new beat before long and we can get back to some more familiar normalcy, but the prospects don't look good for a while.

Again, I am so proud of the entire staff in how they are adapting and still getting valuable things done with students and our families. We still continue to provide lunches either picked up at school or delivered to homes so that our students can maintain access to healthy meals. Our staff have all been rock stars to organize and work through the details of these services as well as instructional services. It is quite an experience and I think we will all look back at this time with a sense of pride.

Things seem to still be changing regularly about how we might be able to open up things for either the summer or next fall. The only thing that we know for sure is that we will not be able to return to school activities as normal until after May 31. With the latest recommendation from the Governor and Local Health Care leaders, it looks like that will extend through the summer until August 1. The word we just got yesterday indicated that no schools should plan any type of traditional Graduation gathering until July or August. That pretty well shuts down everything we would normally do over the summer. Now the better question will be: "What does next fall look like for opening school???"

That is going to be dependent on what the statistics about this thing reveal and if we see a slowdown of the spread. It looks like the President is recommending a reopening of our economy on a state-by-state basis with a graduated scale. That could mean that the gathering limitation could move from 10 to 30, and then to 50, etc. He has affirmed, however, that the Governors of each state will be the authorities establishing what a re-entry looks like. It will serve us all well to have put some thought into this in the next weeks to be prepared.

Some important notes for everyone:

1. We will be ending our instruction with students on May 15 instead of the 21st. We brought the idea to the Board of Education that ending instruction on the 15th for students would allow for doing a number of things that would bring more value to the use of our time. Our staff, however, will fulfill their contract days by working until May 22 as originally scheduled. We believe that the ability to debrief about what has happened to us over the COVID-19 period and plan for what we will do when we can get students back into our buildings makes more sense to better use the time available. Over the next few weeks we will be seeking some input regarding how to best use that time, and we have already alerted ESU 4 Staff to be prepared to support our needs .

2. In the digital age of instruction that we all seem to be in, we know that added stress is probably being experienced by many of our students. We realize that this stress is probably being experienced by some of our staff as well. Through our Educator Health Alliance (EHA), we have access to Mental Health Resources for all of our staff. We have alerted our staff to a zoom meeting that will be conducted by personnel from EHA.

The April Board Meeting was conducted via Zoom, something that we are all hearing more about as a platform to conduct business through technology when we can't be together face-to-face. All the members agreed that they felt we were able to discuss the issues, provide input, and vote on any action items in a way that felt like a regular Board Meeting. Thanks to Marcus and Karen for helping us get the set-up down in a way that made the meeting go very smoothly. It worked so well that we will conduct the May Board meeting in a similar manner, and will wait and see what future months bring.

Architects Tim Ripp and Jeff Chadwick of Clark Emerson Partners (CEP) participated remotely in our meeting with a presentation about the progress we are making on future plans. It was pretty cool to allow them to stay in Lincoln and yet present some important summary information resulting from a meeting with our Building Committee. They assembled information on priorities identified from all of our Board Members and administrators into a phasing scheme stretching out over 15 years. Their work is really a rough draft and will get more attention at the May Board Meeting, but calls for putting some pricing information together about the costs of getting our Pre-K, 4th and 5th grades from the Cook site into the Tecumseh elementary site without jamming the students in. Again, this work is all preliminary, but looks promising as the move to one site was one of the top priorities identified by the Board and Administration. Obviously, this would not begin until the 21-22 school year with other phases following, depending on the financing climate in future years. Any changes will probably mean we would need to do a few things differently, but that would give us a year to figure out what changes would be necessary. We have been very impressed by the work and support of CEP, and look forward to staying connected to discussions about how to move forward.

We are excited to welcome Ryan Haughton back to the area as a teacher/coach, as well as Leah Phillips as a 5th grade teacher. Ryan served the Tecumseh Public Schools earlier in his career and many of you worked with him at that time. Most of you will remember Leah as Leah Tubbesing, and we are fortunate to have them join us next school year. The Board also extended a shortened contract to me (75 days) to continue supporting the move from 4 administrators to 3 during this next year. Jon has already taken advantage of the opportunity to kick me out of the office :) so you might see me wandering about if you are in the buildings. I am excited for Jon and all of you as we move forward in a pretty exciting time in the midst of uncertainty.

Having said that, we also know that the number one focus at this time is to STAY SAFE, SUPPORT OUR COMMUNITY IN OUR RESPONSE TO MINIMIZING THE SPREAD OF THE CORONAVIRUS, FOLLOW THE GUIDELINES OF THE WHO AND CDC, AND BE A PART OF THE SOLUTIONS TO THE CHALLENGES THAT WILL ARISE FROM OUR ACTIONS NOW, AND IN THE FUTURE!!!

Stay safe, and God Bless!!

NEWS FROM PRINCIPAL RICK LESTER

Covid-19 – I know we’re all tired of the “havoc” it has brought to our Country, State, County and our school. We have had to cope with the many changes in the way we conduct learning and our daily routines. I am especially mindful of our seniors at JCC and the many senior traditions they are missing because of the current conditions in our socially distant society today.

One of the biggest traditions for seniors is the ceremony of graduation. According to the Commissioner of Education, he and the Governor advise that any “in-person” graduation ceremony or recognition is to be scheduled in late summer, July or August, and only with the approval of our local health officials. This being said, the senior class took a poll and the administration had numerous discussions on the format and what graduation date was best for JCC. Since the administration and senior class want to have some form of a traditional graduation ceremony, we thought it best to schedule Johnson County Central’s graduation ceremony for the 2020 class on Saturday, July 25, 2020 at 2:00 p.m. in the high school gym.

I do have some loose ends to tie up for the end of the year and want to remind our seniors and parent of some important dates and events:

- Friday, May 1, 2020 – the last day for seniors. All assignments and tests must be completed before the end of this day.
- Monday, May 4, 2020 – seniors will officially check-out. Seniors will come to the high school anytime between 8:00 a.m. to 4:00 p.m. Drive in front of the high school in the circle drive, and stay in your car, Mr. Lester and Daisy will come to you. Seniors will bring iPad (cord and charger block), any uniforms, school books, library books and pay any bills to Daisy.
- Monday, May 4, 2020 – senior grades are due in the computer by 8:00 a.m.
- Monday, May 4, 2020 – I will verify and print senior grades and inform the Salutatorian and Valedictorian of their status.

Prom and Graduation

In an effort to allow our students to experience as many traditional activities as possible, we are rescheduling our Prom and Graduation for dates in late summer. We believe that scheduling these activities in July still honors the recommendations from the Governor and Commissioner of Education, but allows for hope that students can participate in traditional activities. Prom is scheduled for Saturday, July 18, 2020 at 8:00 p.m. at Hartman Cattle. Following the end of Prom at 11:30 p.m. Post-prom will follow. More details will be given when we get closer to dates. Traditional Graduation is scheduled for Saturday, July 25, 2020 at 2:00 p.m. in the high school gym. On Friday, July 24, 2020, seniors will have graduation rehearsal at 10:00 a.m. I will also handout report cards and other items at rehearsal. After rehearsal I will have a senior party/lunch at the 4-H building. These plans could be changed if new guidance is offered by the Governor, Commissioner, and state and local Health Officials. Any changes in these plans will be communicated at the earliest possible time.

NEWS FROM PRINCIPAL RICK LESTER ... continued

Another important event I want to discuss is our JCC Honors Day. Due to the Covid-19 pandemic, we were unable to have our scheduled Honors Day on April 27, 2020. So...we are going to broadcast the awards ceremony through Striv on Tuesday, May 12, 2020 at 8:00 p.m. I have mailed all the student's awards, a letter to parents informing them of their student's recognition, and a program for the evening event. This program recognizes our student's academic success and we will recognize them on this evening for: Honor roll, perfect attendance, classroom awards, military awards and many others. We invite and encourage all parents, family members and friends to join us at www.striv.tv/jcc. We will also have some special guest appearances throughout the program – come watch, it will be fun!

JCC will continue to offer free lunches and cold breakfasts as we are doing currently. NO LUNCHES ON May 25th—Memorial Day. If you have already signed up, we will continue to extend these services to you unless you tell us otherwise. If you have not signed up for the lunch program and would like to, please contact any JCC office to get registered.

NOTES FROM THE HIGH SCHOOL COUNSELOR

Ms. Olivia Reuter

NAVIGATE 2020 Virtual Conference and College Fair

This event will host three days of live-stream expert presentations for students and families and a concurrent virtual college fair with fully interactive booths. Students can *chat live* with college admissions representatives, helping to find fit.

This event is free-of-charge to attendees and is designed to help students and colleges connect safely during the COVID-19 crisis. The event will be live for three days, packed with informative sessions about the college decision process. During those three days, students can also browse interactive college fair booths, chatting live with admissions representatives.

After three days of live interactions, this event will remain posted at the event site until the COVID-19 crisis is over. Students need access to information and this site will remain a robust tool for exploring their options.

We hope you can join us in this important event! Register soon, space is limited. To register or learn more, visit <https://virtual.gotocollegefairs.com/>

Updates from Peru State College

High School Seniors

- Applications remain open for fall 2020 – we will waive the ACT/SAT requirement for students who have not be able to take an ACT/SAT test.
- Invest in Success Awards are still being awarded! We will accept an unofficial ACT/SAT score report from a high school counselor to award the Invest in Success award.
- An ACT exam will be offered for fall 2020 students at Peru State College on the first Friday of the first week of classes. Any student that has been unable to take an ACT exam prior to the start of the fall term may take this test. These scores may only be used at Peru State College.

Financial Aid Awards

We are contacting all students who have received their financial aid packages and offering to do a Zoom call with the student, their parents and their counselor. Please encourage students who have any questions about financial aid to contact us. If a student is selected for verification, we are happy to walk them through the items that are needed so they may receive their financial aid award.

Registration and Orientation Update for Incoming Peru State Students

We are moving to an online advising and registration program for incoming students. We have virtual activities planned and are hopeful that we can offer on campus orientation activities later in the summer. Please encourage students to sign up for orientation if they plan to attend Peru State College this fall. We will contact all students once plans are finalized.

Campus Visits

Peru State campus visits are now available virtually! We have launched a virtual tour to allow you to see our campus and meet some of our student ambassadors. Our daily campus visits will be offered beginning at 10:00 or 3:00 and will offer the following options:

- Visit with your admissions counselor
- Campus tour
- Academic appointment
- Other appointments as requested: athletics, music, or financial aid

Students can register on-line at www.peru.edu/visit.

Meet the Class of 2020

Here are three more profiles from the class of 2020. I have still not received information from four seniors, I will feature them in the summer newsletter if I receive their information before the deadline for that newsletter.

LEVI DORSEY

Levi Corbin Dorsey lives on a farm west of Tecumseh and is the son of Brian and Kelli Dorsey. He has two brothers, Logan (27) and Spencer (22). Levi's favorite classes in high school have been his shop classes because the learning is hands-on and Mr. Novell is a great teacher. The most challenging thing he has faced in high school is planning how to get all of his homework done along with participating in extra-curricular activities and working. Outside of school, Levi likes to work, ride four-wheelers and ATVs, and ride horses. After graduating from high school, Levi will go to college for Ag Business or Welding. Levi's advice to freshmen is, "Live a little, get out of your comfort zone." According to Levi, the best thing about being a senior was knowing that his time in high school was dwindling down and experiencing his lasts. His favorite school lunch has been the PB and J sandwiches that he brought from home. Levi's high school activities have been FFA, FBLA, HOSA, football, wrestling, one act, play production, basketball, track, and golf. In ten years, Levi sees himself living on the edge, not knowing what tomorrow will bring, living every day like his last.

CALEB EGGLESTON

Caleb R. Eggleston is the son of Robin and Andrea Eggleston of Cook. He has one sister, Charla, who is 20. Caleb's activities during high school have been wrestling, football, golf, cross country, band, choir, FFA, and FBLA and his favorite school lunch has been the popcorn chicken bowl. His favorite class in high school was American History because he enjoyed learning about the history of our country and his hobbies and interests outside of school are team roping and playing the guitar. Caleb's most challenging high school class was Spanish because it was hard to learn. After high school, Caleb will attend Buena Vista University in Storm Lake, Iowa where he will enter the pre-veterinary program and major in ag science- livestock management. He will also be on the Buena Vista wrestling team. Caleb's advice to freshmen is, "Stay in good communication with your teachers and keep up on homework." The best thing about being a senior, according to Caleb, is knowing that high school is over and making future college plans. In ten years, Caleb sees himself graduated from Buena Vista and veterinarian school, working as a veterinarian, and having a wife or girlfriend.

JOSEPH RODRIQUEZ

Joseph Jacob Rodriquez is the son of Yvonne and Christina Jaso of Tecumseh. He has a brother, Samuel Ray Saldivar (20) and a sister, Jordan Marie Rodriquez (19). Joe's favorite classes in high school were his shop classes because he got to build things with his hands. His most challenging classes were his English classes. His high school activities were football, wrestling, track, and yearbook. Outside of school, Joe likes to be outdoors, hunting, fishing, or working. After high school, Joe will work this summer and figure things out from there. He is undecided on whether he will attend college or not. Joe's favorite thing about his senior year was making it to state wrestling and his advice to freshmen is, "Never give up, keep working for what you want. You can achieve anything you put your mind to." In ten years, Joe hopes to have found his way in life and working at a job he loves for a family he loves.

MIDDLE SCHOOL & ATHLETIC NEWS

BY RICH BACON

Parents, please check with your students and make sure they are completing their school work and participating in the regularly scheduled Zoom meetings with their teachers. Our teachers are working very hard trying to continue to provide our students with relevant learning activities through remote learning. Grades are still being entered in PowerSchool for work turned in. If your child has questions or is having some type of trouble, please have them contact one of their teachers or call the office. We understand this can all seem overwhelming for students and parents. There are some things parents can do to help manage expectations. Parents can make sure their children keep normal sleep hours. Don't let your child stay up all night and sleep all morning. Create a realistic schedule for getting work done in defined periods, building in breaks and times for socializing, exercising and entertainment. The key principle for students: have them do a session of work first, then have them reward themselves with something relaxing. Keep in mind that it's not going to be as effective as school, but it may get to be more effective over time as everyone on the school front, as well as the home front, works to improve remote learning.

As the end of this school year approaches, we will need to start planning on students getting checked out for the summer. While details are still being worked out there are some things that students will have to take care of. Student iPads will need to be checked in during the week of May 18. Students must turn in the iPad that was checked out to them, the school-issued official Apple lightning-to-USB cable and the full 12W charger block. Insurance does not cover lost cables and chargers. If the iPad is damaged and insurance was not purchased (or you have already used your insurance claim), you will be billed the repair cost. If insurance was purchased and it has not already been used, the repair cost for any damages will be covered by the insurance. In addition to their iPads, students will also need to have all other school materials (textbooks, library books, uniforms, equipment, padlocks, etc.) turned in, and all bills, fees, and fines must be paid. Any lost or damaged items will need to be paid for. Hopefully, we will have a list of these things available prior to the checkout date. Both their school locker and their gym locker have been cleaned out and all personal items should have already been sent home. Details will be announced as we get closer to the end of the school year.

Due to the Covid-19 pandemic and the resulting strain placed on health care providers across the state, the Nebraska School Activities Association announced that pre-participation physical examinations that were given for the 2019-2020 school year will be acceptable for the 2020-2021 school year. This will be a one-year exemption only and will not include incoming freshmen. Therefore, any physical for students in grades 10-12 for the 2020-2021 school year that is on file for 2019-2020 will now be valid for the 2020-2021 school year. All incoming freshmen, along with 7th and 8th graders, would still be required to provide the school with the Pre-Participation Physical Examination paperwork that is dated no earlier than May 1, 2020. Each student, grades 7-12, who plan to participate in NSAA sponsored activities during the 2020-2021 school year will still be expected to turn in a signed Parental Consent form. The participating student and one of his/her parents or guardians must sign the certificate of consent and turn this certificate into the school office. By signing this consent form parents and students acknowledge that they understand there are risks involved in any activity. This parental consent form must be on file at school for every student who participates in NSAA activities. The NSAA Parental consent forms and physical evaluation forms for next year's 7th – 9th grades can be picked up in the office at both sites.

Last OFFICIAL day for
students.

Zooooom!

Growing up watching, reading and playing a LOT of science fiction, I thought communication through video would be really cool. I think “Max Headroom” may have been one of the earliest forms of a Zoom meeting. At this point, after countless hours attending and hosting Zoom meetings, I’m about Zoomed out!

To be certain, the last month has been crazy, and somewhat surreal. At first, it seemed somewhat fun. Like an extended spring break. Then, as the “break” extended, we had a lot of things to get figured out and a lot of planning to do. People that you were used to seeing face-to-face, and were able to walk and see, were no longer physically there. Enter the Zoom meetings! Cool, right? We could be anywhere and conduct our meetings. It was fun! It was novel! Until, you had several of them every day. Every. Day. The fact is, you just can’t replace the experience of actually being together. However, for now, it is going to have to suffice.

As for the teachers and support staff, they have been working very hard to make sure materials, support and food are going out to our families. Just as I’m sure you feel like this isn’t the best way to educate, the school staff and myself would have to agree. This is not what teachers “signed up” to do. They truly miss every part of being in the presence of our children. However, we are learning quite a bit about our capabilities, and deficiencies, with remote learning. What is possible. What is not possible.

Thank you parents and caregivers for how you are handling this situation. Our students, our children, are still learning. They are learning some valuable life lessons. They are watching us and learning from us. They are learning to be more creative. They are learning to be problem solvers. They are learning how to handle adversity. And, they are learning it from you. Hang in there. Be a rock for your children.

The Johnson Country Central Preschool Program is now accepting applications for the 2020-21 school year. If you are interested in enrolling your child in preschool and you did not receive an application in the mail, pick up an application from the elementary office in Tecumseh or Cook, print an application from the school website: www.jccentral.org, or call the school: 402-335-3320.

The preschool schedule encompasses discovery through active involvement. "The Creative Curriculum" program is implemented and activities, materials, and equipment reflect and respect the diversity of race and multiculturalism and the physical and mental abilities of all children.

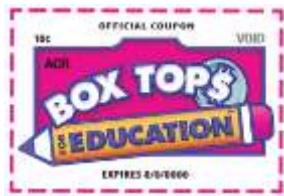

The program focuses on providing learning opportunities for those students who will be entering kindergarten the following year. Therefore, the majority of our enrollment will be filled by prekindergarten students. **Prekindergarten** is defined as a child who will be four years of age on or before July 31, 2020.

A **three-year-old** is defined as a child who will be three years of age on or before July 31, 2020. Being potty trained is a requirement of the program. We offer a full-day program for prekindergarten students at both sites. Three-year-olds will join the morning of the full-day program at both sites. Preschool is in session Tuesday through Friday. There is no tuition fee for preschool.

If you have any questions or would like to schedule a classroom visit, please call the elementary office: 402-335-3320. Thank you for considering Johnson County Central Preschool.

We would love to join you in the education of your young learner!

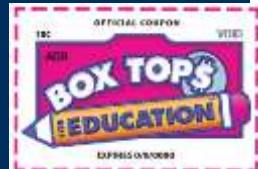

*All preschool children, regardless of their abilities, disabilities, or the social, linguistic, or economic diversity of the children's families are eligible to be served in our preschool program.

HOW TO EARN

No more clipping. No more sending Box Tops to school. All you need is your phone. Download the ALL-NEW Box Tops app, shop as you normally would, then simply scan your store receipts to find participating products. The app will automatically credit your school's Box Tops earnings online.

Twice a year, your school will receive a check and can use that cash to buy whatever it needs!

HOW IT WORKS

BUY BOX TOPS PRODUCTS

Look for the logo.

You can find it on hundreds of products you know and love.

SCAN YOUR RECEIPT

No more clipping.

Tap the scan button and snap a photo of your receipt within 14 days of purchase.

EARN CASH FOR YOUR SCHOOL

It's that easy! Box Tops earnings are identified and automatically updated online.

BOX TOPS CLIPS ON PACKAGES

You can still clip them and send them to school. Physical Box Top clips are being phased out of production, but may continue to be found on many products throughout the store. Send your clipped Box Tops, along with any unexpired clips you may have at home, to your participating school.

End of the Year Band Items

From Emily Fricke

I hope everyone is staying safe and healthy throughout all of this craziness. I miss everyone so much. Band is definitely not the same when everyone's on their own. Keep practicing 5th grade! I promise we will make up for lost time when school starts in August.

Just a few quick reminders for the end of the school year:

- Band bills are due before the end of the school year, I have posted those items on student's google classrooms but both Daisy Mejia and Julie Damme have access to those as well, in case there are questions. If you're unsure if your student owes for band/choir, please check.
- School instruments - if your student rents an instrument from the school, and they are coming back the next school year, they can hang on to it in a safe place at home over the summer. If your student is graduating or moving on to another school, please return the instrument when they check out.
- Summer Band - As of right now, activities are suspended over the summer until August. I will still be mailing out HS packets with marching band music and important dates for band camp sometime by the end of May/beginning of June. If students are able to attend summer band (in August this year due to COVID-19), please do so as we prepare a lot of music during this time to be prepared for the Johnson County Fair.
- Band Trip - The next band trip is scheduled for Spring of 2021. We will be having an informational student/parent meeting for this around the time of school starting. Please be watching the calendar/items being sent home so that you don't miss this meeting.
- Instrument Care - Summer is the perfect time to get your student's instrument looked at/repaired/cleaned. I cannot stress this enough. There are Dietze Music sites available in Lincoln and Omaha.

JCC Vocal Music – Thomas Doran

Choral Awards for the 2019-2020 School Year

I would like to thank all 64 of the vocal music students for their participation in the vocal music program at Johnson County Central. We have again had a successful year due to several factors of which our students are just one part of. We couldn't be successful without the tremendous talent that Chris Eltiste and Cinda Goodrich contribute to our singers. I value their insight, skill, and musicianship very highly, but even more so their friendship.

Officers

I would like to recognize and thank my choir officers for their assistance throughout the year. They do a lot of "grunt" work for me and are an integral part of our department. They are:

- President – Gabe DeFreece
- Vice President – Hayley Neemann
- Secretary – Emma Walters
- Treasurer – Hayden Huskey
- Reporter – Vanessa Jimenez

Letters

Vocal Music letters are awarded to students through participation. Each performance is an opportunity for students to receive points and students must obtain 75 points in order to be eligible. Points are also awarded for auditioning & attending honor choirs and clinics as well as assisting with various tasks relating to the vocal music department. Missing a concert for unexcused reasons will negate any eligibility.

Due to March 17 being the last day of regular classroom meetings there was only one student who had enough points to receive a choir letter at that date. So each student was awarded performance points to each of the remaining scheduled performances that were cancelled. That allowed 23 students to letter this year.

Meeting requirements to letter:

1st year – Hayden Huskey, Chayce Oenbring, Kimmy Orozco, Cameron Schuster,
Brandon Speckmann, Emma Straka, Tanner Woods, Abi Zlomke

2nd year – Logan Barras, Ava Berkebile, Jonathon Duncan, Gina Golden, Vanessa Jimenez,
Ruby Valles, Emma Walters

3rd year – Cheshire Burger, Kathia Castor, Morgan Moran, Hayley Neemann, Zadie Plager,
Courtne Zyla

4th year – Gabe DeFreece, Manuel Ramirez

National School Choral Award

This next award is given in recognition of singular merit, ability, and achievement of outstanding contributions to the success of the school vocal program, and of an unusual degree of loyalty, cooperation, and high qualities of conduct. I am happy to award the National School Choral award to Manuel Ramirez.

Nebraska School Activities Association Academic All State Award

In recognition for academic excellence and exemplary leadership in Music, the NSAA Academic All State Award is presented to Manuel Ramirez.

Seniors & Exchange Student

I would like to thank our 6 seniors and 1 exchange student for their contributions to our group this year! Seniors – Blaise Brase, Gabe DeFreece, Amber Lowther, Manuel Ramirez, Andruw Stafford, & Courtne Zyla; Exchange Student – Ronja Welin. It's always tough to let them go but I wish them success in their next chapter!

This newsletter is produced monthly to inform parents, district patrons and others about school events, classroom events, and student achievements in the classroom and extra curricular activities. This information is submitted by faculty and staff members. Information may be submitted to offices at Tecumseh and Cook.

The school reserves the right to edit information in the interest of space and content.

POSTAL PATRON

Non-Discrimination

It shall be the policy of Johnson County Central Public Schools to not discriminate on the basis of race, color, religion, national origin, sex, handicap, or age in its educational programs, activities, or employment practices. There is a grievance procedure for discrimination concerns. Inquiries concerning any of the above, or Title IX and Rehabilitation Act Regulations (504) should be directed to the Superintendent of Schools, 358 N 6th Street, Tecumseh, NE 68329; (402)335-3320.

Child find

Children that are birth to 5 years old who are experiencing problems with speech language, cognitive, emotional and/or physical development or have a disability can receive services through Early Childhood Education Services. If interested or in need of more information please contact Rebecca Kling, Special Education Coordinator or Dr. Galen Boldt, Superintendent at 402-335-3320.
