**JCC****SUPERINTENDENT MONTHLY UPDATE****BY JON H. ROTHER**

**O**n December 1, 2025, Dr. Brian L. Maher, Commissioner of Education and Chairperson of the School Financing Review Commission, released the annual report. The report itself is 236 pages in its entirety and can be found [here](#):

<https://www.education.ne.gov/wp-content/uploads/2025/12/SFRC-Report-12.01.2025-FINAL.pdf>

As Dr. Maher highlights in his opening letter, in 2024-2025, the State of Nebraska provided for approximately 53% of funding to Nebraska schools through:

- Foundation Aid,
- Equalization Aid,
- and various Tax Credits.

This information pertains to the General Fund only.

Below is the breakdown for Johnson County Central's General Fund from Page 13 of Attachment B in the report.

**School District Revenue Analysis 2023-2024**

Local Property Tax (General Fund)	=	52%	(\$5,105,061)
County Contributions	=	< 1%	(\$41,976)
State Contributions	=	37%	(\$3,610,111)
Federal Contributions	=	10%	(\$958,139)
<u>Other Contributions</u>	=	1%	(\$74,358)
<b>TOTAL</b>	=	<b>100%</b>	<b>(\$9,789,645)</b>

**Comparison of 2024-2025 Levied and Effective Non-Bond Taxes  
After State Tax Credits**

Although JCC's levied tax was set at \$8,845,042 (97¢) for the General Fund, Special Building Fund and QCPUF combined, after Homestead Credits, Real Property Tax Credits and School Tax Credits, the actual amount JCC property owners were taxed was \$5,746,547 (effective levy of 63¢).

*Superintendent's Article continued on Page 2*

These figures come from Attachment XX (Comparison of 2024 Levied and Effective Non-Bond Taxes and Tax Rates by School District After All State Tax Credits) in the report.

JCC Total Valuation	=	\$911,737,214
Levied Tax (all funds)	=	\$8,845,042 (levy of 0.970130)
- Homestead Credit	=	- \$126,999
- Real Property Tax Credit	=	- \$819,747
- School Tax Credit	=	- \$2,151,749
<b>Net Tax</b>	<b>=</b>	<b>\$5,746,546.51 (levy of 0.630285)</b>

## AQuESTT *(HOW STUDENT TEST SCORES ARE USED TO DESIGNATE SCHOOLS)*

AQuESTT (Accountability for a Quality Education System, Today and Tomorrow) is the Nebraska Department of Education's system for public education accountability. School districts receive a "designation" from their spring assessments in late fall of the current school year.

School districts can receive a designation of:

- Excellent
- Great
- Good
- Needs Improvement

The main indicator for determining a school district's, or school building's, designation is student outcomes from the NSCAS (Nebraska Student-Centered Assessment System) for grades 3-8 and the ACT for grade 11.

The NSCAS scores students on their knowledge of English/Language Arts (grades 3-8), Mathematics (grades 3-8) and Science standards (grades 5 & 8). The ACT scores students in the areas of English/Language Arts, Mathematics and Science.

All students are required to participate in state assessments. The state allows no more than 1% of a school's population to take an alternate assessment due to disabilities. Students who are new to a district will participate in the assessments, however the score will not count toward the school's designation.

Here are the proficiency levels that must be achieved to receive each designation:

District	Elementary	Middle School	High School
<b>EXCELLENT</b>			
> 70%	≥ 75%	≥ 73%	≥ 61%
<b>GREAT</b>			
≥ 60% but < 70%	≥ 60% but < 75% <b>JCC EL TEC 62 %</b>	≥ 60% but < 73%	≥ 45% but < 61% <b>JCC HS 54 %</b>
<b>GOOD</b>			
≥ 45% but < 60% <b>JCC DISTRICT 58 %</b>	≥ 35% but < 60% <b>JCC EL COOK 56 %</b>	≥ 40% but < 60% <b>JCC MS 59 %</b>	≥ 26% but < 45%
<b>NEEDS IMPROVEMENT</b>			
< 45%	< 35%	< 40%	< 25%

Other factors that can contribute to an adjustment of a designation are:

- Chronic Absenteeism Reduction
- Progress Toward English Language Proficiency
  - Graduation Rates
  - Student Discipline Rates
- Student Growth (on assessments)
  - Non-Proficiency Reduction
  - Science Proficiency
- Participation (no more than 1% of the student population can take an alternate assessment based on student needs)

### **NDE AQuESTT Designations for JCC**

#### **District: GOOD**

*(241 students assessed from grades 3-8, 11)*

NSCAS ELA **56%**, MATH **61%**, SCI **78%** - ACT ELA **49%**, MATH **60%**, SCI **40%** = **58%**

#### **High School: GREAT**

*(40 student assessments from grade 11)*

ACT ELA **49%**, MATH **60%**, SCI **40%** = **54%**

#### **Middle School: GOOD**

*(101 students assessed from grades 6-8)*

NSCAS ELA **52%**, MATH **64%**, SCI **76%** = **59%**

#### **Cook Site Elementary: GOOD**

# High School News

## From Principal Justin Damme

**2nd Quarter/1st Semester Report Cards** were handed out to students during the week of January 13th. If you haven't seen your child's report card, please talk to them or call the office.

The 2nd Quarter and 1st Semester Honor Roll has also been released for High School students. Congratulations to these students for their hard work!

Second-semester Parent-Teacher Conferences will take place on **February 16th, 2026, from 11:00 am - 7:00 pm**. Parent-Teacher Conferences are a great opportunity for parents to talk to the teachers and have detailed conversations about grades, classroom behavior, and share what is going on in the classroom.

**A meeting will take place with Juniors and Seniors about Prom** on February 11th, 2026, during study session. **JCC Prom is on March 21, 2026.**

The month of February is our first step in preparation for next fall, when our students will start **pre-registration for the 2026-2027 school year**. The students choose their top eight classes and two options - at this time, there is no set schedule. Once all pre-registrations are complete, we'll plan the class schedule.

Every student must sign their pre-registration form, and their parents must also sign off on it. Mrs. Reuter, the school counselor, is the final signature on every student's pre-registration form. She reviews each student's class selection to verify they are taking appropriate classes, which are required for each grade, and are meeting their graduation requirements.

**Students will receive their pre-registration forms on Tuesday, February 10, 2026. They will be due back at the office on Friday, March 13, 2026.** This due date is

necessary so that we can plan the class schedule. We try to create a schedule that accommodates the most students with the least amount of conflicts.

Once we have the best class schedule created, Mrs. Reuter will personally meet with each student who has a class conflict. A student will only have a class schedule conflict if they are unable to get an eight-period class schedule by using their eight selected classes or two options. Mrs. Reuter will then aid them in selecting an additional alternate class until we can fill their eight periods with an appropriate schedule.

After we have completed a successful class schedule, we will send out summer pre-registration letters to all students. **Around the first week in August, each student will receive this letter, which will contain their actual class schedule, complete with periods and teachers for every class.**

If the students and parents are satisfied with this schedule, nothing more needs to be done before the beginning of school next fall. If students desire to make changes to their class schedule, they will have a scheduled day (to be announced), to meet with the counselor to make changes before the start of school.

Students will also have the first five days of the 2026-2027 school year to change their class schedule.

**• I encourage all parents to work with your students to help them plan their 2026-2027 class schedule - your input and encouragement are essential.**

If you ever have any questions or would like to speak with me, please feel free to contact me at [justin.damme@jccentral.org](mailto:justin.damme@jccentral.org) or by calling 402-335-3328.

# From the School Nurse's Office

## **January 22<sup>nd</sup> Beginning of Health Screenings**

The ESU 4 Health Van will be at JCC for Screenings on all students beginning January 22nd. This will take approximately 7-8 days. They will start in Tecumseh and follow at the Cook site.

The screenings include checking **dental, vision, hearing, height, and weight**. Blood pressure screening is done on all 7th-12th graders as well.

Parents/Guardians will receive a report after they are all completed. Please review the report to see if your student needs a follow-up evaluation.

***Reminder-*** If your student **wears glasses**, please have them bring them or wear them for the screenings.

## **February 3<sup>rd</sup> & 4<sup>th</sup>, Brighter Smiles**

The Southeast District Health Department Brighter Smiles Program will be at JCC February 3<sup>rd</sup> (Tecumseh) and 4<sup>th</sup> (Cook).

The Brighter Smiles program provides dental screenings, fluoride varnish, and oral health education for any age student. A Licensed Public Health Dental Hygienist will complete all services.

If you would like your student to be seen, please let the School Nurse know and she will send home the Brighter Smiles form to be completed and brought back. *The form is also linked below. Just scan the QR code with your phone or tablet.*

**(The form will also be included on the next pages!)**

Our Brighter Smiles program will be visiting your child's school for the academic year 2025-2026. We will be providing optional preventative dental services including a visual oral health screening, fluoride varnish, dental cleaning, and SDF application. A Licensed Public Health Dental Hygienist will complete all services.

All children will receive education on the importance of dental health

All children screened will receive a fun bag fill with a toothbrush & toothpaste

Screening results will be sent home with each child.

### Already seeing a dentist twice a year?

Great! This program is an extra step in addition to that care to help fight tooth decay. All services are **FREE** and will never be billed to you!

#### Fluoride

**Fluoride strengthens teeth and reduces your risk of cavities. Specifically, fluoride:**

Remineralizes your tooth enamel.

Reverses early tooth decay.

Slows down the process of demineralization.

Prevents the growth of cavity-causing bacteria.

#### SDF Treated Incisors

#### SDF Treated Molar

#### SDF TREATMENT

#### SILVER DIAMINE FLUORIDE

**Silver Diamine Fluoride (SDF)** is a non-invasive treatment option for cavities, using a topical medicine that is painted on the tooth instead of a more invasive surgical (drill and fill) approach

##### Pros

- Quick, easy, painless
- Relieves sensitivity
- Remineralizes your natural tooth structure
- Prevents biofilm adhesion
- Avoid or delay more invasive restorations
- Arrests 80% of cavities when applied twice yearly

##### Cons

- Permanently stains cavities black
- Cavities (holes) that trap food may still require a restoration
- Not an option for deep cavities
- 20% of cavities continue to grow
- SDF is a treatment for cavities, not a cure

### Fluoride Varnish

A sticky, honey-like material applied to the teeth with a small brush

Strengthens tooth enamel & helps prevent tooth decay

Most effective when applied several times per year

### Silver Diamine Fluoride

A liquid dental treatment used to prevent and manage tooth decay

Contains silver, which has antibacterial properties and fluoride to strengthen teeth

Can permanently stain teeth **BLACK**

To participate in the Brighter Smiles program, please complete the permission form on the other side of this page. Complete ALL sections on the back side. Return it to your child's teacher/office as soon as it is completed. Further information will go out when a dental day is scheduled.

The safety of students, school faculty, and health department staff is a priority. Appropriate precautions will be taken to ensure that all individuals are kept safe. Masks and clean gloves are worn for each new student. The screening area will be disinfected after each student. None of our materials contain dyes, milk, egg, soybeans, wheat, peanuts, tree nuts, fish, shellfish, or gluten.

## Johnson County Spelling Bee

Congratulations to the following students who earned the right to represent JCC at the Johnson County Spelling Contest:

- Eighth Grade: Edith Blomstedt, Jay Chaudhari, Tim Johns-Hinrichsen, Brynn Weber;
- Seventh Grade: Ada Goodrich, Slayden Newman, Taytem Simon, Mackenzie Sell;
- Sixth Grade: Selena Cabrales, Grace Fazel, Nathaly Hurado-Arellano, Liam Thompson;
- Fifth Grade: Ethan Barnes, Nenne Ofoegbu, Henry Smith, Beau Winslow;
- Fourth Grade: Dawson Beethe, Ruger Clifton, Calum Dixon, Jazmin Garcia.

Special Congratulations for the Thunderbirds who qualified for the **oral portion of the Spelling Bee to be held at Johnson County Central Middle School in Cook on Saturday, January 24 in the morning at 8:30.**

The top 10 qualifiers earned this honor and include (alphabetically): Edith Blomstedt, Selena Cabrales, Jay Chaudhari, Ada Goodrich, Nathaly Hurtado-Arellano, Tim Johns-Hinrichsen, Slayden Newman, Taytem Simon and Brynn Weber.

Good Job and Good Luck Thunderbirds!

## Singing Youth of Nebraska Honor Choir

Congratulations to the following JCC 7th-9th grade students who were selected for the

Singing Youth of Nebraska Honor Choir in Hastings: Kaitlyn Clements, Jude Fricke, McKenna Lade, Tim Johns-Hinrichsen (Middle School); Xavier Arguello, Eduardo Castor, Marvin Najera and Heidi Reyes (Freshmen). They performed on Saturday, January 30 in a choir of around 120 members that were chosen through an audition process.

## Middle School Winter Sports

The Johnson County Central boys wrestling team and girls' basketball team started

practice in early January in preparation of their upcoming season. There are several opportunities for our fans to watch them at a contest close by. Please come and cheer on our athletes and coaches. Good luck to both teams and their coaches. Go Thunderbirds!

## Second Semester Parent-Teacher Conferences

Second semester Parent-Teacher Conferences will take place on Monday, February 16th from 11:00 to 7:00 p.m. Parent-Teacher Conference is an ideal time for parents and teachers to have detailed conversations about a child's current grades, the effort that is being given by their child, the student's classroom behavior and other issues that are relevant to student learning.

Parent-Teacher Conferences also provide your child's teachers with an opportunity to share classroom work or share something positive that your child has done.

The dialogue generated at Parent-Teacher Conferences is an important element in a student's learning process that is beneficial to all and I hope all parents will take advantage of this opportunity. We hope to see you on February 16th.

## **NSCAS Testing Window is March 23-May 1, 2026**

The Nebraska Student-Centered Assessment System (NSCAS), is Nebraska's statewide testing system that helps families and schools gauge how well students have learned educational concepts based on the Nebraska State Standards.

Assessments are end-of-year, summative, tests for all students in grades 3–8 in the areas of English Language Arts (ELA), Mathematics, and Science in grades 5 and 8.

NSCAS assessments are an educator tool that show how students are doing across Nebraska and within each school district, giving a clear picture of learning so families and schools can work together to support students. Student results include easy-to-understand achievement levels (developing, on track, and advanced) and college and career readiness indicators, helping parents see both strengths and areas where extra support may be needed.

These results also contribute to the Nebraska Educator Profile (NEP) for the buildings and grades assessed, and they help students prepare for success in postsecondary education, careers, and civic life by giving educators and decision makers the information they need to support student learning.

Parents can support their students during NSCAS testing by encouraging good test-day habits such as getting enough sleep, eating a healthy breakfast, and arriving to school on time.

Remind your student that NSCAS assessments are a chance to show what they know and to take pride in their hard work. When families reinforce a positive attitude about doing their best, students are more likely to stay focused, persevere through challenging questions, and provide results that truly reflect their learning, which makes the information more useful for planning next steps at home and at school.

## **Greetings Thunderbird Family**

I hope everyone had a great holiday break and a Happy New Year! At the writing of this letter, we are in the heart of the winter season as the basketball teams get ready for their conference tournaments and the wrestling teams prepare for districts and state.

This last week the basketball teams finished up at the 97th MUDECAS Tournament in Beatrice. The boys went 1-1 with a loss against EMF and a win against Palmyra. The girls went 1-1 with a loss against Johnson-Brock and an overtime win against HTRS.

Wes Swanson and Harley Lubben were the individuals that were named to the A Division Honorable Mention All-Tournament teams.

# Greetings From the Elementary!

by Beckie Robeson, PK-3 Elementary Principal

Happy New Year! We are now well into our 3<sup>rd</sup> quarter of school, and activities are not slowing down in our elementary building. Students have been working hard in the classroom, engaging in exciting projects and embracing new challenges with enthusiasm. Our teachers are dedicated to fostering a love of learning, and it's wonderful to see the creativity and curiosity that our students bring to each day.

We are looking forward to our annual Book Bingo Night, which aims to inspire a passion for reading and to give students a chance to explore new worlds through books. This event not only supports literacy but also helps our school community connect through shared stories and adventures. At this activity, our Title teachers will explain the mission and purpose of this program and answer any questions you may have. This event is open to all of our elementary students.

Parent-Teacher Conferences will take place on February 16. I want to encourage everyone who can attend to come visit with their child's teachers. These conferences provide a valuable opportunity for teachers and parents to collaborate and discuss each child's progress.

Conversations are integral to tailoring educational experiences to meet each student's unique needs.

As we continue to journey through February, we encourage everyone to take advantage of the opportunities to engage and connect. Whether through participation in school events, attendance at junior high and high school sporting events, or communication with teachers, your involvement significantly impacts our students' educational experience.

Let's keep the momentum going and make the most of the exciting events and learning opportunities that lie ahead!

Thank you for your continued support and involvement in our school community.

Together, we are making this year a memorable and successful one for our students.

## February Newsletter 2026 - Mrs. Faris - First Grade

We are so excited!! First graders are writing a book that will be published by a company called Studenttreasures. Our title is "When You Give a Teacher a Daisy." We are working together to get our ideas, sequence those ideas, write sentences, and add details. We are also discussing the illustrations that will match the words on each page. Each student is responsible for one written page and one illustration. Parents are given the opportunity to purchase a book for their student to have and share with loved ones. I also have a book made for the classroom. First graders have been publishing books for several years, and they are treasured by the students, parents, incoming classes each year, and myself. It's pretty neat to be a published author when you are 6 or 7 years old!

**News from Student Services and Special Education**  
**From Dr. Laura Rademacher**  
**February 2026**

Behaviors at school occur. Learning how to behave, be a good friend, and a learner are skills all students must develop over time. At JCC, we view behavior as a skill and a form of communication. Our priorities are to keep students safe and to allow them to learn. To assist with this, JCC has implemented BIST in K-12 grades. BIST stands for Behavior Intervention

Support Team, this means that as a team we work to intervene with behaviors. At our schools, all of the adults are here to help kids. One way that we help the most is by letting kids know when they need to get back on track with their behaviors. It is our job to redirect kids if they are struggling. At JCC, adults should only redirect students once so they can correct their behavior. That means you shouldn't hear an adult ask a student many times to stop the behavior. They will ask once. That way the person with the problem can get right back to learning. When an adult sees behavior that might be a problem, you will probably hear the adults ask a student a question. They might say something that starts with "Can you...?" When you students hear that, their job is to say "yes" or "ok". This does not mean the student is in trouble, it gives them an opportunity to fix the behavior.

BIST focuses on goals for life as well as grade and accountability. The bottom line at JCC is that it is never ok to be hurtful, and it is never ok to be disruptive. If students can remember that at school, it will help everyone to do the right things. The three goals for life are: 1) I can be OK even if I am mad or have an overwhelming emotion, 2) I can be OK even if other people around me are not OK and 3) I can follow directions even when I don't want to or it's hard.

We are fortunate to have a BIST Consultant to come visit JCC once a month. Jacquie works with teachers, leadership teams and students on the outlasting continuum and goals for life. Even though BIST is K-12, it looks slightly different in each building. In Elementary- Tecumseh, they have been working with BIST for 3-years, they have developed common behavior expectations and continue to work on common area expectations. The majority of the Tecumseh elementary staff has received formal BIST training in the summer. The Cook Elementary began BIST last school year, they are focusing on the outlasting continuum: Are students in non-compliance, compliance (I'll do what you ask when you are watching), partnering (students know what to do and will self-correct), independence (students manage their own behaviors). This continuum was delivered on our Jan 5th, in-service day to all K-5 teachers and paras. Middle School and High School have slightly different BIST protocols. The teachers are working to increase engagement and have common behavior expectations. This is also part of our district's MTSS(Multi-tiered Systems of Support) plan to ensure we have common expectations for all students.

If you have any questions, thoughts, or concerns- please feel free to reach out to me at [Laura.Rademacher@jccentral.org](mailto:Laura.Rademacher@jccentral.org) or 402-335-7851 (text or call).
